## **Complete Upgrade Package Takes Your Shield's Trigger From Serviceable to Spectacular**

Apex's M&P Shield 45 Action Enhancement Trigger + Duty / Carry Kit gives you a remarkable improvement in your Shield's trigger pull by replacing the factory trigger and fire control components. When installed, this kit will deliver a smooth, consistent pull with 20% less pre- and over-travel, and approximately a 2 lb. reduction in pull weight. You'll also enjoy a shorter, more detectable reset for faster follow-up shots. With its flat face, the Apex's Action Enhancement Trigger helps you shoot more accurately by keeping your finger centered on the trigger, directly in line with the bore axis, to prevent loss of accuracy due to off-axis movement. The Duty / Carry Kit refines the rest of the fire control system to further enhance the trigger pull. Reduces pull weight while keeping it within the safe range for reliable function of a service pistol. Exact reduction in pull weight will vary from gun to gun D.I.Y. installation, but more than "drop in" Durable hardcoat anodized finish blends in with the rest of your Shield Kit includes trigger, precision-machined sear, Talon Tactical tool, striker block spring, sear spring, trigger return spring, carry spring set, and trigger return spring installation slave pin. Fits all versions of S&W M&P Shield 45 pistol. With its center mounted pivoting safety bar, the Apex M&P Shield 45 Action Enhancement Trigger + Duty / Carry Kit maintains factory safety standards and will not disengage unless the trigger finger is placed directly on the trigger face. All of this adds up to a trigger that may not truly be "match grade," but is superior to most factory service pistol triggers out there today.

# Safety Instruction Guide for S&W SHIELD 45 Action Enhancement Trigger & Duty/Carry Kit

## Introduction

Thank you for choosing the S&W SHIELD 45 Action Enhancement Trigger & Duty/Carry Kit by Apex Tactical Specialties Inc. This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read this document thoroughly before installation and use.

## General Safety Guidelines

- **Product Safety:** This product is designed to enhance the trigger pull of your S&W M&P Shield 45. Ensure that you follow all safety instructions during installation and use to prevent accidents.
- **Enhanced Recalls:** In the unlikely event of a safety recall, you will be notified through standardized notices. Please ensure that you register your product for recall notifications.
- **Online Shopping:** When purchasing online, ensure that the retailer complies with safety standards. Verify that the product is genuine and meets EU safety requirements.
- **Special Consumer Focus:** This product is not intended for use by children. Always keep this product out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point provided by the retailer.
- **Rapid Alerts:** Stay informed about any potential safety updates regarding this product through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Installation Precautions:**
  - Ensure that the firearm is unloaded before beginning installation.
  - Follow the installation instructions carefully to avoid improper setup.
- **Usage Precautions:**
  - Always treat your firearm as if it is loaded.
  - Keep your finger off the trigger until ready to shoot.
  - Ensure the firearm is pointed in a safe direction at all times.
- **Maintenance Precautions:**
  - Regularly inspect the trigger and associated components for wear or damage.
  - Do not use the firearm if you notice any irregularities in the trigger operation.

## Instructions for Installation and Usage

### 1. Installation:

- Unload your S&W M&P Shield 45.
- Gather all components from the kit: trigger, precisionmachined sear, Talon Tactical tool, striker block spring, sear spring, trigger return spring, carry spring set, and trigger return spring installation slave pin.
- Follow these steps to install:
  - Remove the factory trigger and associated components.
  - Install the precisionmachined sear according to the provided instructions.
  - Install the new trigger and ensure it is seated correctly.
  - Replace all springs as necessary.
  - Verify that the installation is complete and that the trigger functions correctly.

### 2. Usage:

- After installation, conduct a function check to ensure proper operation.
- Practice safe handling and shooting techniques.
- Be aware of the reduced pull weight and shorter reset for improved performance.

### **3. PostInstallation:**

- Regularly check the trigger and components for proper function.
- If any issues arise, consult a qualified gunsmith for assistance.

## **Disposal Instructions**

- Dispose of packaging materials responsibly, following local recycling guidelines.
- If the product is no longer in use, ensure it is stored safely or disposed of in a manner that prevents unauthorized access.

## **Contact Information for Further Support**

For any questions or concerns regarding the S&W SHIELD 45 Action Enhancement Trigger & Duty/Carry Kit, please refer to the customer support information provided by your retailer. Ensure that you have your purchase details on hand for a quicker resolution.

Thank you for your attention to these safety instructions. Your safety and the safety of others depend on your responsible use of this product.
