Firing Pin Safety Spring for Glock® Gen 3 Safety Instruction Guide

Introduction

Thank you for choosing the Firing Pin Safety Spring by Shadow Gunworks for your Glock Gen 3 pistol. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read and follow these guidelines carefully.

General Safety Guidelines

- **Product Safety:** This product is designed to meet safety standards for nonfood items. Ensure that you use it according to the instructions to avoid any risks.
- **Enhanced Recalls:** In case of any safety issues, be aware that recall notices will be standardized, and remedies will be provided for potentially dangerous products.
- **Online Shopping:** If purchased online, this product carries the same safety protections as those bought in physical stores.
- **Special Consumer Focus:** Extra precautions should be taken when this product is used around vulnerable groups, such as children.
- **EU Contact Point:** For any safety inquiries, refer to the designated EU-based contact point for assistance.
- **Rapid Alerts:** Stay informed about product safety through the EU's Safety Gate system, which provides timely updates on unsafe products.

Specific Safety Precautions for Use

- Ensure the firearm is unloaded before attempting any installation or maintenance.
- Always wear appropriate safety gear, such as eye protection, when handling firearms.
- Keep this product and all firearm components out of reach of children and unauthorized users.
- Do not use the Firing Pin Safety Spring if it appears damaged or defective.
- Follow all local laws and regulations regarding firearm modifications and safety.

Instructions for Installation and Usage

Installation Instructions

1. Preparation:

- Ensure that the Glock Gen 3 pistol is unloaded and pointed in a safe direction.
- Gather necessary tools: a punch tool and a small hammer may be required.

2. Disassembly:

- Remove the slide from the frame of the pistol.
- Take out the existing firing pin safety spring by carefully pushing it out with the punch tool.

3. Installation of the New Spring:

- Align the new Firing Pin Safety Spring with the designated slot in the firing pin safety mechanism.
- Use the punch tool to gently push the spring into place until it is securely seated.

4. Reassembly:

- Reattach the slide to the frame of the pistol, ensuring all components are correctly aligned.
- Perform a function check to ensure the firearm operates correctly.

Usage Instructions

- Always ensure that the firearm is in a safe condition before handling.
- Regularly inspect the Firing Pin Safety Spring for signs of wear or damage.
- If you experience any malfunctions or issues, cease use immediately and consult a qualified gunsmith.

Disposal Instructions

- Dispose of the Firing Pin Safety Spring in accordance with local regulations regarding firearm parts and materials.
- Do not dispose of the product in regular household waste. Instead, consult local authorities for proper disposal methods.

Contact Information for Further Support

For any additional questions or concerns regarding the Firing Pin Safety Spring, please reach out to the designated EUbased contact point for safety inquiries.

By adhering to these safety instructions, you can ensure the safe and effective use of the Firing Pin Safety Spring for your Glock Gen 3 pistol. Thank you for prioritizing safety and compliance with regulations.
