

3.3 PRO TRIGGER WITH SPRING KIT FOR GLOCK® - GHOST 3.3 PRO TRIGGER WITH SPRING KIT

[Handgun Parts](#) > [Trigger Group Parts](#) > [Trigger Parts](#) > [Triggers](#)

The Only Kit You ll Ever Need

The GHOST PRO 3.3lb Trigger Connector and Spring Kit for Glock GEN 1-4 fits all models (except Glock 42 & 43) and is the lightest smoothest connector on the market today—3.3 pounds. These attributes give you the fastest most accurate first shot hit advantage of any self-defense Glock style trigger. The GHOST PRO 3.3 fixes the Glock “bump” or glitch, this is the pre-travel resistance you feel and must overcome when the trigger bar “bumps” into the connector. This “bump” causes you to apply excessive force and will move the pistol off target. Another thing the PRO 3.3 corrects is trigger over-travel; the excessive movement of the trigger after the pistol fires. Over-travel causes the pistol to move off of alignment with the target, making your shot go low and to one side. Lightest stage free trigger Eliminates over travel Complete spring kit included Ghost - Lifetime Guarantee Minor fitting required The GHOST PRO 3.4lb is the connector long sought after by Glock enthusiasts everywhere. If you already have the installation tools this is the only kit you need.

Attributes

- Name: [GHOST 3.3 PRO TRIGGER WITH SPRING KIT](#)

Safety Instruction Guide for the GHOST 3.3 PRO TRIGGER WITH SPRING KIT FOR GLOCK

Introduction

Thank you for choosing the GHOST 3.3 PRO TRIGGER WITH SPRING KIT FOR GLOCK. This product is designed to enhance your Glock's trigger performance while ensuring safety during use. Please read this guide carefully to ensure safe installation and usage.

General Safety Guidelines

- Ensure that you are familiar with the operation of your Glock before using this product.
- Always treat your firearm as if it is loaded.
- Keep firearms out of reach of children and unauthorized users.
- Do not use this trigger kit if you are unsure about your ability to install it correctly.
- Follow all local laws and regulations regarding the use and modification of firearms.
- Regularly check for product recalls and safety updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Installation Safety:**
 - Always wear safety glasses when installing or modifying your firearm.
 - Ensure the firearm is unloaded before beginning installation.
 - Work in a clean, welllit environment to avoid losing small parts.
- **Trigger Use:**
 - Avoid placing your finger on the trigger until you are ready to shoot.
 - Be aware of your surroundings and ensure a safe backstop when firing.
- **Maintenance:**
 - Regularly inspect the trigger and connector for wear or damage.
 - If any part of the trigger kit appears damaged, do not use it and consult a professional.

Instructions for Installation and Usage

Installation Instructions

1. **Preparation:**
 - Gather necessary tools: a punch tool, a hammer, and a small flathead screwdriver.
 - Ensure your Glock is unloaded and pointed in a safe direction.
2. **Remove the Existing Trigger Connector:**
 - Use the punch tool to push out the trigger pin.
 - Carefully remove the existing trigger connector.
3. **Install the GHOST 3.3 PRO Trigger Connector:**
 - Align the new connector with the trigger bar.

- Push the connector into place until it clicks securely.

4. Install the Spring Kit:

- Follow the instructions included in the spring kit to replace the springs as necessary.
- Ensure all springs are seated properly.

5. Reassemble the Firearm:

- Replace the trigger pin and ensure it is secure.
- Test the trigger pull to ensure proper installation.

Usage Instructions

- After installation, perform a function check to ensure that the trigger operates correctly.
- Familiarize yourself with the new trigger pull weight and feel before using the firearm in a live environment.
- Always follow safe handling practices when operating your Glock.

Disposal Instructions

- Dispose of any packaging materials in accordance with local waste disposal regulations.
- If you need to dispose of the trigger kit or any components, check with local authorities for proper disposal methods, especially if they contain metal or hazardous materials.

Contact Information for Further Support

For any inquiries regarding safety or installation, please consult the manufacturer or a qualified gunsmith. Always ensure you have the most current information regarding product safety and compliance.

Thank you for your attention to these safety instructions. Your safety and the safety of others is our top priority.
