## Solid, Comfortable Aluminum Trigger Gives a Light, Smooth, Consistent Trigger Pull

Apex Tactical's Aluminum Action Enhancement Trigger Kit is engineered to give the S&W M&P 9mm/.40 a smoother, more consistent, lighter (5 to 5-1/2 lb.) trigger pull with a shorter reset than the factory trigger. The Apex M&P 9mm/.40 Aluminum Action Enhancement Trigger Kit also lessens pre- and over-travel by as much 20%, while the rounded machined aluminum trigger shoe provides a comfortable, secure contact point for the trigger finger. Center mounted pivoting safety maintains factory safety values Keeps safe trigger pull weight for duty/carry applications Contains: trigger, heavy-duty sear spring, machined sear, duty/carry spring set, Ultimate Striker Block Kit & slave pin for installing trigger return spring Fits all S&W M&P pistols in 9mm and .40 S&W Does not fit M&P45, M&P M2.0, M&P Shield, or .22 LR models Although the Apex Aluminum Action Enhancement Trigger Kit for M&P 9mm/.40 is designed to drop in and normally should not require further gunsmithing, armorer or gunsmith installation is recommended.

# S&W M&P Action Enhancement Aluminum Trigger & Duty/Carry Kit Safety Instructions

## Introduction

Thank you for choosing the S&W M&P Action Enhancement Aluminum Trigger & Duty/Carry Kit by Apex Tactical Specialties Inc. This product is designed to enhance the performance of your S&W M&P 9mm/.40 pistol. To ensure safe and effective use, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Store the trigger kit and any firearms in a secure location, out of reach of children and unauthorized users.
- Always follow the manufacturer's instructions for your firearm.
- Be aware of your surroundings and ensure a safe environment when handling firearms.
- Report any unsafe products or accidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.
- Ensure that you understand the laws and regulations concerning firearms in your area.

## Specific Safety Precautions for Use

- This trigger kit is designed for S&W M&P 9mm and .40 models only. It is not compatible with M&P45, M&P M2.0, M&P Shield, or .22 LR models.
- The trigger pull weight is reduced to a range of 5 to 5 1/2 lbs. Ensure that you are comfortable with this change before use.
- Installation should be performed by a qualified armorer or gunsmith if you are not experienced with firearm modifications.
- Always check that the firearm is unloaded before installation or maintenance.
- Use proper eye protection when handling or installing the trigger kit.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Gather necessary tools, including a punch, hammer, and appropriate safety gear.

### 2. Installation Steps:

- Remove the back cover of the firearm according to the manufacturer's guidelines.
- Carefully remove the factory trigger and related components.
- Install the Apex Aluminum Action Enhancement Trigger Kit components as follows:
  - Insert the heavyduty sear spring.
  - Install the machined sear.
  - Attach the duty/carry spring set.
  - Follow with the installation of the Ultimate Striker Block Kit and slave pin for the trigger return spring.
- Ensure that the centermounted pivoting safety is properly aligned and functioning.
- Reassemble the firearm and perform a function check to ensure everything is operating correctly.

### 3. **PostInstallation:**

- If you are unsure about the installation or functionality, consult a qualified armorer or gunsmith.
- Test the trigger pull in a safe environment before using the firearm in a live situation.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local regulations.
- If you need to dispose of the trigger kit, follow local laws regarding hazardous materials and firearm components.
- Do not throw away any components in regular household waste; consult your local waste management authority for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding safety or installation, please contact the manufacturer or a qualified firearms expert. Ensure to keep this manual for reference and always prioritize safety when handling firearms.
