

# AR-15 ULTRA-LIGHT EJECTION PORT COVER - V SEVEN WEAPON SYSTEMS AR-15 ULTRA-LIGHT EJECTION PORT COVER AIR BLACK

[Rifle Parts](#) > [Receiver Parts](#) > [Ejection Port Cover Parts](#) > [Ejection Port Covers](#)

## Shave Off a Little Extra Weight, Give Your Rifle a Unique Appearance

V Seven's AR-15 Ultra-Light Ejection Port Covers do the job of the original factory part but weigh half as much. They're made from 7075 T6 aluminum alloy and are at least 45% lighter than the mil-spec steel door. The exterior of the door is completely smooth, giving your rifle a clean, futuristic look. Three models to choose from: Classic: 8.3 grams Designer: 7.8 grams Air: 6.7 grams The Ultra-Light Ejection Port Cover has a durable, Type III hardcoat anodized finish to resist corrosion and comes with V Seven's Titanium plunger and stainless steel roll pin. Every bit of unnecessary weight on a tactical or competition rifle slows you down just a little more, so why not install a V Seven AR-15 Ultra-Light Ejection Port Cover and tilt the odds a little back in your favor?

## Attributes

# AR15 UltraLight Ejection Port Cover Safety Instructions

## Introduction

Thank you for choosing the V Seven AR15 UltraLight Ejection Port Cover. This product is designed to enhance your rifle's performance while maintaining safety standards. Please read this safety instruction guide carefully to ensure safe usage and installation.

## General Safety Guidelines

- Always handle firearms responsibly and in accordance with local laws and regulations.
- Ensure that the product is installed correctly before use.
- Regularly inspect the ejection port cover for wear and damage.
- Keep the product out of reach of children and unauthorized users.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the rifle is unloaded before attempting to install or modify the ejection port cover.
- Avoid using the ejection port cover if it shows signs of damage or wear.
- Do not attempt to disassemble the ejection port cover beyond the manufacturer's instructions.
- Always wear appropriate safety gear, such as eye protection, when handling firearms.
- Be aware of your surroundings and ensure a safe environment when using your firearm.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your AR15 is unloaded and in a safe position.
- Gather necessary tools, including a screwdriver and the provided stainless steel roll pin.

### 2. Installation:

- Remove the existing ejection port cover from your rifle.
- Align the V Seven UltraLight Ejection Port Cover with the ejection port.
- Insert the titanium plunger into the cover.
- Secure the cover in place using the stainless steel roll pin.
- Ensure that the cover operates smoothly without obstruction.

### 3. Usage:

- After installation, confirm that the ejection port cover opens and closes properly.
- Regularly check the functionality of the ejection port cover during routine maintenance.

## Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling materials where applicable.

## **Contact Information for Further Support**

For any questions or concerns regarding the AR15 UltraLight Ejection Port Cover, please refer to the manufacturer's website or contact customer support through the appropriate channels.

By following these guidelines, you can ensure safe and effective use of your V Seven AR15 UltraLight Ejection Port Cover. Thank you for prioritizing safety and performance in your shooting experience.
