

MOS REAR SIGHT, STANDARD HEIGHT .140" FOR GLOCK® - 10-8 PERFORMANCE MOS REAR SIGHT, STANDARD HEIGHT .140"

[Handgun Parts](#) > [Sights](#) > [Rear Sights](#)

Improves Your Glock's Irons

The 10-8 Performance Glock MOS Standard Rear Sight provides Glock MOS pistol owners with the opportunity to add an improved set of irons on their pistols. The 10-8 Performance Glock MOS Standard Rear Sight is not designed to co-witness with an optic mounted in the slide cutout of an MOS Glock model. These sights ensure that users simply have a higher-quality sighting option that doesn't interfere with holsters and other equipment that is incompatible with suppressor-height iron sights. Measures 0.325 inches high Does not interfere with MOS mounting plate Constructed from 4140 hardened steel The 10-8 Performance Glock MOS Rear Sight will fit on all Glock pistol models, except the G42 and G43.

Safety Instruction Guide for MOS Rear Sight, Standard Height .140" for Glock

Introduction

Thank you for choosing the 108 Performance Glock MOS Standard Rear Sight. This guide provides essential safety instructions to ensure the safe use and installation of your new rear sight. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure the product is compatible with your Glock model before installation.
- Always handle firearms and accessories responsibly and in accordance with local laws.
- Keep the rear sight and all firearm accessories out of reach of children and unauthorized users.
- Regularly inspect the rear sight for any signs of wear or damage.
- If you notice any issues, discontinue use immediately and consult a qualified gunsmith.

Specific Safety Precautions for Use

- The 108 Performance Glock MOS Rear Sight is not designed to co-witness with an optic mounted in the slide cutout of an MOS Glock model. Ensure proper alignment before use.
- Avoid using the rear sight with incompatible holsters or equipment that may interfere with its function.
- Do not modify the rear sight in any way, as this may compromise safety and performance.
- Ensure that you are familiar with the operation of your Glock pistol and how the rear sight integrates with it.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing rear sight from your Glock using appropriate tools.
- Align the 108 Performance Glock MOS Rear Sight with the mounting plate.
- Secure the sight using the provided screws, ensuring they are tightened to the manufacturer's specifications.
- Verify that the sight is securely attached and does not move.

2. Usage:

- Familiarize yourself with the sight picture and adjust your aim accordingly.
- Practice regularly to become proficient in using your new rear sight.
- Always ensure that your firearm is in a safe condition before handling or transporting.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the rear sight in regular household waste.
- For any metal components, consider recycling options available in your area.

Contact Information for Further Support

For any questions or concerns regarding the use of the 108 Performance Glock MOS Rear Sight, please refer to

the manufacturer's contact information provided with your product packaging.

Conclusion

Following these safety instructions will help ensure a safe and effective experience with your 108 Performance Glock MOS Standard Rear Sight. Always prioritize safety when handling firearms and their accessories.
