

PRO-GLO TRITIUM ROUND FRONT SIGHT 220X140 for GLOCK® - AMERIGLO PRO-GLO TRITIUM ROUND FRONT SIGHT .220X.140 ORG FOR GLOCK®

[Handgun Parts](#) > [Sights](#) > [Front Sights](#)

Ready for Low-Light Use

The AmeriGlo Glock® ProGlo Illuminated Round Front Night Sight ensures that your defensive handgun will be ready day or night, allowing for total 24-hour visibility of your iron sights. The AmeriGlo Glock® ProGlo Illuminated Front Night Sight features a lamp made using Swiss tritium that produces visible light without the use of batteries for nearly 20 years. Sight blade measures 0.220 inches in height. Lamp surrounded by green or orange luminescent ring. Tritium lamp glows orange. The AmeriGlo Glock® ProGlo Illuminated Front Night Sight is machined from bar stock and fits any Glock® pistol model.

Safety Instruction Guide for PROGLO TRITIUM ROUND FRONT SIGHT 220X140 for GLOCK®

Introduction

Thank you for choosing the AmeriGlo Glock® ProGlo Illuminated Round Front Night Sight. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your new sight. Please read this document carefully before installation and usage.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as a front sight for Glock® pistols.
- Always handle firearms with care and in accordance with all relevant safety regulations and guidelines.
- Keep the sight out of reach of children and unauthorized users.
- Regularly inspect the sight for any signs of damage or wear. Do not use if damaged.
- Be aware of your surroundings when using firearms equipped with this sight.

Specific Safety Precautions for Use

- The tritium lamp is designed to provide illumination without batteries, but avoid exposing the sight to extreme temperatures or harsh conditions.
- Do not attempt to disassemble or modify the sight, as this may compromise its safety and functionality.
- If the tritium lamp is damaged, do not handle it directly. Contact a professional for proper disposal.
- Always ensure your firearm is unloaded when installing or adjusting the sight.

Instructions for Installation and Usage

Installation Instructions

1. **Ensure Safety:** Before starting, verify that your Glock® pistol is unloaded.
2. **Remove the Old Sight:** Use appropriate tools to carefully remove the existing front sight from your Glock®.
3. **Prepare the New Sight:** Check the AmeriGlo ProGlo sight for any damage before installation.
4. **Install the New Sight:** Align the new sight with the mounting slot and press it into place. Ensure it is secure.
5. **Check Alignment:** After installation, check the alignment of the sight to ensure it is properly positioned.

Usage Instructions

- To utilize the illumination feature, simply aim the firearm as you normally would. The tritium lamp will provide visibility in lowlight conditions.
- Regularly practice using your firearm with the new sight to become familiar with its operation and performance.

Disposal Instructions

- Dispose of the sight in accordance with local regulations regarding hazardous materials.
- If the tritium lamp is damaged, contact a professional for advice on safe disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the AmeriGlo Glock® ProGlo Illuminated Round Front Night Sight, please reach out to the manufacturer or your retailer for assistance.

Conclusion

Following these safety instructions will help ensure a safe and effective experience with your AmeriGlo Glock® ProGlo sight. Always prioritize safety and responsibility when handling firearms. Thank you for your attention to these guidelines.
