# Action Enhancement Trigger Safety Instructions

## Introduction

Thank you for choosing the Apex Tactical Action Enhancement Trigger for Glock®. This product is designed to improve your shooting experience by enhancing trigger performance. It is essential to follow the safety instructions provided in this guide to ensure proper use and minimize any potential risks.

## General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Ensure that the firearm is pointed in a safe direction at all times.
- Keep your finger off the trigger until you are ready to shoot.
- Be aware of your surroundings and ensure that no one is in your line of fire.
- Store your firearm and accessories securely, out of reach of children and unauthorized users.
- Regularly inspect your firearm and accessories for any signs of wear or damage.
- Follow all manufacturer instructions and local laws regarding firearm modifications.

## Specific Safety Precautions for Use

- The Action Enhancement Trigger is designed for use with Glock® models 37, 39, 17, 17L, 19, 22, 23, 24, 34, 35, 26, 27, 31, 32, 33, and 38.
- This trigger is not compatible with Gen 4 or Gen 5 Glock® models.
- Ensure the firearm is unloaded before beginning installation.
- Be cautious when handling the trigger bar and trigger assembly to prevent injury.
- Do not attempt to install the trigger if you are not familiar with firearm disassembly and assembly.
- If in doubt, seek assistance from a qualified gunsmith or firearms expert.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure that your Glock® is unloaded and pointed in a safe direction.
- Gather the necessary tools, including a punch tool, and any other tools recommended by the manufacturer.

### 2. Disassembly

- Remove the slide from the frame of the Glock®.
- Remove the factory trigger by following the manufacturer's disassembly instructions.
- Note: Removing the factory trigger from the trigger bar requires the replacement of the complete assembly to revert to stock.

### 3. Installation of the Action Enhancement Trigger

- Insert the new Action Enhancement Trigger into the trigger bar.
- Ensure that the trigger is properly seated and aligned.
- Reassemble the firearm, ensuring all components are securely in place.

### 4. Testing

- Once the trigger is installed, conduct a function check to ensure proper operation.
- Check for smooth uptake and reset, and confirm that the trigger break is crisp.

### 5. Regular Maintenance

- Periodically inspect the trigger and its components for wear or damage.
- Clean the trigger mechanism as part of your regular firearm maintenance routine.

## Disposal Instructions

- Dispose of any old or damaged parts in accordance with local regulations.
- Do not dispose of firearm components in regular household waste.
- Contact your local waste management authority for proper disposal methods.

## Contact Information for Further Support

- For questions regarding installation, usage, or safety, please refer to the manufacturer's website or contact their customer support.

## Conclusion

By following these safety instructions and guidelines, you can enhance your shooting experience while ensuring safe and responsible firearm use. Always prioritize safety and seek professional assistance if you are uncertain about any procedures. Thank you for choosing the Apex Tactical Action Enhancement Trigger for your Glock®.
