Safety Instruction Guide for ACTION ENHANCEMENT TRIGGER BODY FOR GLOCK® APEX TACTICAL SPECIALTIES INC

Introduction

Thank you for choosing the Apex Tactical Action Enhancement Trigger for Glock®. This product is designed to improve your shooting experience by enhancing the trigger performance of your Glock® pistol. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that you are familiar with the operation of your Glock® pistol before installing the trigger.
- Always treat your firearm as if it is loaded, even if you believe it to be unloaded.
- Keep firearms out of reach of children and unauthorized users.
- Use appropriate eye and ear protection when handling firearms.
- Be aware of your surroundings and ensure a safe shooting environment.
- Regularly check for recalls or safety notices regarding this product on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- This trigger is designed for use in nearly all current Glock® model pistols, including the G43. It is NOT compatible with the model 42 or Gen 4 Trigger Bar.
- Ensure that you use a customer's stock Gen 3 trigger bar or a separately purchased factory trigger bar for installation.
- Removing the factory trigger from the trigger bar requires replacement of the complete assembly to return to stock configuration.
- Always follow the installation instructions carefully to avoid potential hazards.
- If you are not experienced with firearm modifications, seek assistance from a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation:

- Ensure your Glock® pistol is unloaded and pointed in a safe direction.
- Gather necessary tools: a punch tool, screwdriver, and your stock Gen 3 trigger bar or a new factory trigger bar.

2. Removing the Factory Trigger:

- Remove the slide and barrel from the Glock® frame.
- Use a punch tool to remove the pins securing the trigger assembly.
- Carefully detach the factory trigger from the trigger bar.

3. Installing the Apex Tactical Trigger:

- Attach the Apex Tactical Action Enhancement Trigger to the stock Gen 3 trigger bar or the new factory trigger bar.
- Ensure that the trigger is properly seated and secured.
- Reinsert the trigger assembly into the Glock® frame and secure it with the pins.

4. Testing:

- Once installed, perform a function check to ensure the trigger operates correctly.
- Test the trigger in a safe environment before using it at the range.

5. Usage:

- Familiarize yourself with the new trigger feel and performance.
- Always adhere to safe shooting practices.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not throw the product in regular household waste.
- Check with local authorities for proper disposal methods for firearm accessories.
