

# AR-15 INVESTMENT CAST ENHANCED LOWER PARTS KIT - BATTLE ARMS DEVELOPMENT INC. AR-15 INVESTMENT CAST ENHANCED LOWER PARTS KIT

[Home](#)

## The Easy-To-Install Upgrades That ll Make Your AR Easier To Operate Safely

The Battle Arms Enhanced Lower Parts Kit contains three components that will make operation of your AR-15's controls faster, easier, and smoother, so you'll have better control over your rifle, especially in speed-critical situations. This kit contains 3 important Battle Arms parts: BAD-E4S-IC Enhanced Single-Side Safety Selector has the deeply textured, slightly oversized paddle of the ambidextrous "BAD-ASS" selector, but only on the right side. For shooters who do not need ambidextrous controls, this selector helps them engage/disengage the safety quickly. This is a 2-position semi-auto safety with 0 deg. & 90 deg. positions. BAD-EMC-IC Enhanced Magazine Catch is more robust and lighter than the mil-spec AR-15 mag catch. Its shorter post causes the mag release button to sit lower in the receiver, making it less likely you'll accidentally bump it and dump your mag at the wrong moment. Compatible with the standard mil-spec mag release button, as well as Battle Arms BAD-EMR, BAD-EMMR, and similar buttons. BAD-EBC-IC Enhanced Bolt Catch offers a much larger contact surface than the standard mil-spec part, so it's easier to locate the control and release the bolt when you're under stress. Pronounced serrations running in two directions provide a non-slip contact surface, while the raised T-shaped heel aids in secure bolt lock back. Compatible with Norgon Ambi-Catch. Bolt catch ONLY - roll pin, detent & spring NOT included. All three components share the same sturdy construction to ensure years of reliable service: Easy-to-install drop-in replacements for factory parts 8620 carbon steel (investment cast), heat-treated for hardness Matte black phosphate finish matches most black-anodized receiver Fit standard mil-spec AR-15 lower receiver This Enhanced Lower Parts Kit consists only of these three parts, so it's not a complete LPK with all the small internal parts, but don't worry, Brownells sells a number of those. What the Battle Arms kit will do is improve your ability to operate your AR-15 quickly, reliably, and safely.

## Attributes

- Name: [BATTLE ARMS DEVELOPMENT INC. AR-15 INVESTMENT CAST ENHANCED LOWER PARTS KIT](#)
- Manufacturer: [BATTLE ARMS DEVELOPMENT INC.](#)
- Product no.: 100025392
- Mfr. No.: BAD-LPK-PK3
- Weapon type: AR-15
- Delivery weight: 0.045kg
- Shipping height: 25mm
- Shipping width: 51mm
- Shipping length: 102mm
- UPC: 810033781261

## Item details

Made in USA

US export classification: 0A501.x

# Safety Instruction Guide for AR15 Investment Cast Enhanced Lower Parts Kit

## Introduction

Thank you for choosing the AR15 Investment Cast Enhanced Lower Parts Kit by Battle Arms Development Inc. This guide provides essential safety instructions and guidelines to ensure the safe use and installation of the components in this kit. Please read this guide carefully before using the product.

## General Safety Guidelines

- **Product Safety:** Ensure safe use of the AR15 Enhanced Lower Parts Kit by following all instructions and safety precautions.
- **Enhanced Recalls:** Stay informed about any product recalls. If you receive a recall notice, follow the instructions provided to remedy the situation.
- **Online Shopping:** If purchased online, ensure the seller meets safety requirements. Verify the product's authenticity and compliance with safety standards.
- **Special Consumer Focus:** This product is not intended for use by children. Keep all parts out of reach of minors.
- **EU Contact Point:** For safety inquiries, please refer to the manufacturer's contact information provided in the product packaging.
- **Rapid Alerts:** Check the EU's Safety Gate platform for updates on unsafe products or recalls related to this kit.

## Specific Safety Precautions for Use

- **Read Instructions:** Always read and understand the installation and usage instructions before proceeding.
- **Wear Protective Gear:** Use safety glasses and gloves when handling the components to protect against injury.
- **Check Compatibility:** Ensure that the parts are compatible with your specific AR15 model and lower receiver.
- **Inspect Components:** Before installation, inspect all components for damage or defects. Do not use damaged parts.
- **Avoid Modifications:** Do not alter or modify any components of the kit. Unauthorized modifications can lead to safety hazards.
- **Safe Handling:** Handle all firearm components with care. Treat every firearm as if it is loaded.
- **Secure Storage:** Store all parts in a secure location to prevent unauthorized access.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure you have the necessary tools for installation, including a punch and hammer.
- Clear your workspace of any distractions and ensure it is well lit.

### 2. Installation Steps:

- **BADE4SIC Enhanced SingleSide Safety Selector:**
  - Remove the existing safety selector from your lower receiver.
  - Install the BADE4SIC by aligning it with the selector hole and securing it in place.

- Test the selector for proper function and engagement.
- **BADEMCIC Enhanced Magazine Catch:**
  - Remove the existing magazine catch from the lower receiver.
  - Insert the BADEMCIC into the magazine catch hole, ensuring the post is seated correctly.
  - Attach the standard mag release button and test for functionality.
- **BADEBCIC Enhanced Bolt Catch:**
  - Remove the existing bolt catch from the lower receiver.
  - Install the BADEBCIC by aligning it with the bolt catch hole and securing it with the appropriate roll pin (not included).
  - Test the bolt catch for proper engagement and release.

### 3. **PostInstallation Checks:**

- After installation, perform a function check on all components to ensure they operate smoothly.
- Ensure that the safety selector, magazine catch, and bolt catch work as intended without any obstruction.

## **Disposal Instructions**

- **Disposal of Components:** If you need to dispose of any components, follow local regulations for disposing of firearm parts.
- **Environmental Considerations:** Do not dispose of parts in regular household waste. Consider recycling options where applicable.

## **Contact Information for Further Support**

For any questions or concerns regarding the installation or use of the AR15 Investment Cast Enhanced Lower Parts Kit, please refer to the manufacturer's contact information provided with the product packaging.

By following these safety instructions and guidelines, you can ensure the safe and effective use of your AR15 Enhanced Lower Parts Kit. Always prioritize safety and responsible handling of all firearm components.
