[Handgun Parts](#) > [Trigger Group Parts](#) > [Trigger Parts](#) > [Triggers](#)

Lighter, Shorter Pull & Faster Reset Without Compromising Reliability

Utilizing the patented Apex Forward Set Trigger Bar, the Forward Set Trigger Kit for the Sig P320 delivers a major upgrade in trigger pull performance. When properly installed, this kit will: Reduce trigger pull weight by approx. 30% Reduce trigger travel approx. 30% Reduce reset approx. 20% Smooth uptake In X-Series models, does not reduce pull weight but does reduce overall travel 30% Maintains factory drop safety values For Use In These Guns For use in the Sig Sauer P320 pistols (with factory safety upgrade), including the X-Series models. However, due to different internal dimensions of the mold, use in the Sub-Compact Grip Module is NOT recommended. Now featuring our thumb safety compatible trigger bar. Does Not Fit These Guns Not for use in non-factory upgraded P320 pistols. Does NOT function in the Sig Sauer P250.

SIG SAUER P320 Advanced Trigger Safety Instruction Guide

Introduction

Thank you for choosing the SIG SAUER P320 Advanced Trigger with Forward Set Trigger Bar from APEX Tactical Specialties Inc. This guide provides essential safety information, installation instructions, and usage guidelines to ensure safe operation and compliance with EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure safe use of the product by following all instructions provided in this guide.
- Be aware of potential hazards associated with firearm modifications.
- The product is designed for use in specific models of the Sig Sauer P320. Verify compatibility before installation.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe product incidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Only use the Advanced Trigger Kit in Sig Sauer P320 pistols with a factory safety upgrade.
- Do not install the kit in nonfactory upgraded P320 pistols or in the Sig Sauer P250.
- Ensure that the firearm is unloaded and pointed in a safe direction during installation.
- Wear appropriate safety gear, including eye protection, during installation.
- Follow all local laws and regulations regarding firearm modifications and safety.
- Always test the firearm in a safe environment after installation to ensure proper function.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is unloaded.
- Gather necessary tools for installation, including screwdrivers and a punch set.

2. Installation Steps:

- Remove the slide and frame from the Sig Sauer P320 according to the manufacturer's instructions.
- Carefully remove the factory trigger and trigger bar.
- Install the Apex Forward Set Trigger Bar as per the provided instructions.
- Reassemble the firearm, ensuring all components are properly seated and secured.

3. PostInstallation Testing:

- After installation, conduct a function test to ensure the trigger operates correctly.
- Check for any unusual resistance or malfunction during the trigger pull.
- If any issues arise, disassemble the firearm and inspect the installation.

4. Usage Guidelines:

- Familiarize yourself with the new trigger pull characteristics before regular use.
- Always follow safe firearm handling practices, including keeping the firearm pointed in a safe direction and keeping your finger off the trigger until ready to shoot.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the product becomes damaged or is no longer in use, dispose of it responsibly, ensuring it cannot be reused or accessed by unauthorized individuals.

Contact Information for Further Support

If you have any questions or require further assistance regarding the SIG SAUER P320 Advanced Trigger, please refer to the manufacturer's website or contact their customer support for guidance.

Thank you for prioritizing safety and compliance while enjoying your SIG SAUER P320 Advanced Trigger.
