[Handgun Parts](#) > [Sights](#) > [Rear Sights](#)

## Enhance Your 1911 Sights

The Harrison Design 1911 Low Mount U Notch Rear Sight offers 1911 pistol owners the opportunity to upgrade the fixed sights on their guns, thanks to the innovative construction of this rear aperture. The Harrison Design 1911 Low Mount U Notch Rear Sight is CNC machined using bar-stock carbon steel and features a durable, heat-treatment, along with a matte-black oxide finish. The U-notch design allows for quick and easy sight acquisition and is completely machine-radius for concealed-carry use. Rear blade features 50 LPI serrations 8-32 set screw secures sight into dovetail. Fits Novak LoMount slide dovetail. Works with .325-inch front-sight blades. The Harrison Design 1911 Low Mount U Notch Rear Sight is made in the USA to high-quality standards.

# Safety Instruction Guide for the Harrison Design 1911 Low Mount U Notch Rear Sight

## Introduction

Thank you for choosing the Harrison Design 1911 Low Mount U Notch Rear Sight. This product is designed to enhance your shooting experience while ensuring safety and compliance with EU regulations. Please read this safety instruction guide carefully to understand how to use, install, and dispose of the product safely.

## General Safety Guidelines

- Always ensure that the firearm is unloaded before installing or adjusting the rear sight.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the rear sight for any signs of wear or damage.
- If you notice any defects or issues, cease use immediately and seek assistance.
- Follow all local laws and regulations regarding firearm modifications.

## Specific Safety Precautions for Use

- Ensure that you are familiar with the operation of your 1911 pistol before using the rear sight.
- Use the rear sight only with compatible .325inch frontsight blades.
- Do not attempt to modify the rear sight or install it on firearms for which it is not designed.
- Always wear appropriate eye protection when using firearms.
- If you experience any malfunctions while using the firearm, stop using it immediately and consult a qualified gunsmith.

## Instructions for Installation and Usage

### Installation

- Gather Tools:** Ensure you have the necessary tools, including a 1/8inch hex wrench for the set screw.
- Prepare the Firearm:** Make sure the firearm is unloaded and pointed in a safe direction.
- Remove the Existing Sight:** Use the hex wrench to remove the old rear sight from the dovetail.
- Install the New Sight:**
  - Align the Harrison Design 1911 Low Mount U Notch Rear Sight with the dovetail.
  - Gently tap the sight into position using a soft mallet if necessary.
  - Secure the sight using the 832 set screw provided.
- Check Alignment:** Ensure the sight is aligned properly with the front sight for optimal accuracy.

### Usage

- Familiarize yourself with the Unotch design for quick sight acquisition.
- Practice using the rear sight at a safe shooting range to become comfortable with its operation.
- Regularly clean and maintain the sight to ensure it remains in good working order.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for firearm accessories.
- If the product is damaged or no longer usable, consider recycling metal components where possible.
- Do not dispose of the product in regular household waste.

## Contact Information for Further Support

For any inquiries regarding safety, installation, or product performance, please contact the manufacturer or an authorized dealer. Ensure you have the product details ready for a more efficient response.

Thank you for your attention to these safety instructions. Enjoy your enhanced shooting experience with the Harrison Design 1911 Low Mount U Notch Rear Sight.
