AR15 Super Precision SOPMOD Certified Vortex 16 Mount Safety Instruction Guide

Introduction

Thank you for choosing the Geissele SOPMODCertified Super Precision Scope Vortex 16 Mount. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this document carefully before using the mount on your AR15 platform.

General Safety Guidelines

- Ensure the mount is compatible with your AR15 platform and optic before installation.
- Always inspect the mount for any damage or wear before each use.
- Keep the mount out of reach of children and vulnerable individuals.
- Do not use the mount for purposes other than its intended use.
- Follow all local laws and regulations regarding firearm accessories.
- If you notice any irregularities during use, cease operation immediately and consult a qualified professional.

Specific Safety Precautions for Use

- **Installation Safety:** Ensure the firearm is unloaded before installing the mount.
- **Torque Specifications:** Follow the manufacturer's torque specifications during installation to prevent damage or failure.
- **Regular Maintenance:** Regularly check the mount for tightness and integrity, especially after heavy use.
- **Environmental Considerations:** Avoid exposing the mount to extreme temperatures or corrosive environments which may affect its performance.
- **Optic Compatibility:** Confirm that the optic being mounted is rated for use with a 30mm tube diameter.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools for installation, including a torque wrench.
- Ensure your workspace is clean and free of distractions.

2. Installation Steps:

- Ensure the AR15 is unloaded and pointed in a safe direction.
- Remove the existing mounting system if applicable.
- Align the Geissele SOPMODCertified Mount with the Picatinny rail on your AR15.
- Secure the mount using the provided screws, ensuring not to overtighten.
- Use a torque wrench to tighten the screws to the manufacturer's specifications.
- Once installed, mount your optic onto the 30mm tube and secure it according to the optic's instructions.

3. Usage:

- After installation, check for any movement or looseness in the mount.
- Regularly verify the zero of your optic after installation and during use.
- If the mount becomes loose or shows signs of wear, remove it and inspect for damage.

Disposal Instructions

- Dispose of the mount in accordance with local waste disposal regulations.
- If the mount is damaged beyond use, ensure it is disposed of in a manner that prevents accidental use or injury.

Contact Information for Further Support

For any inquiries regarding safety or product performance, please refer to the manufacturer's contact details provided in the product packaging or visit the official Geissele Automatics website.

Thank you for prioritizing safety while using the Geissele SOPMODCertified Super Precision Scope Vortex 16 Mount. Your adherence to these guidelines helps ensure a safe and enjoyable experience.
