Safety Instruction Guide for Geissele SOPMODCertified Super Precision Scope Vortex 16 Mount

Introduction

Thank you for choosing the Geissele SOPMODCertified Super Precision Scope Vortex 16 Mount. This product is designed to provide a secure and reliable mounting solution for your optic on an AR15 platform. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always follow the manufacturer's instructions for installation and use.
- Inspect the mount regularly for any signs of wear or damage.
- Keep the mount and all accessories out of reach of children.
- Report any unsafe conditions or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Installation Safety:** Ensure that the mount is securely attached to the firearm before use. A loose mount can lead to loss of zero and potential safety hazards.
- **Weight Limit:** Do not exceed the weight limit specified for the mount. Overloading may cause failure.
- **Environmental Conditions:** Avoid exposing the mount to extreme conditions (e.g., high humidity, extreme temperatures) that may affect its performance.
- **Handling:** Handle the mount with care. Dropping or mishandling can cause damage and compromise safety.
- **Optic Compatibility:** Ensure that the optic being mounted is compatible with the 30mm main tube diameter of the mount.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools (e.g., screwdriver, torque wrench).
- Ensure the firearm is unloaded and pointed in a safe direction.

2. Installation:

- Align the mount with the desired position on the rail of the AR15.
- Securely attach the mount using the provided screws and follow the recommended torque specifications.
- Verify that the mount is stable and does not move when pressure is applied.

3. Optic Mounting:

- Place the optic into the mount, ensuring it fits snugly in the 30mm tube.
- Secure the optic according to the manufacturer's instructions, ensuring it is properly aligned.

4. Final Checks:

- Once installed, check the mount and optic for stability.
- Perform a function check of the firearm to ensure everything is operating correctly.

Disposal Instructions

- Dispose of the mount and any packaging materials in accordance with local regulations.
- Do not dispose of the mount in regular household waste if it contains hazardous materials.
- Consider recycling options for metal components where available.

Contact Information for Further Support

For any questions, concerns, or support regarding the Geissele SOPMODCertified Super Precision Scope Vortex 16 Mount, please refer to the manufacturer's website or customer service channels for assistance.

Thank you for prioritizing safety and compliance while using your Geissele product.
