[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

Not Your Average Handguard

The ATLAS S-ONE is the newest addition to the Aero Precision Handguard lineup. Machined from 6061-T6 Aluminum, the S-ONE line of handguards are designed with size and weight in mind, providing the perfect handguard for your lightweight build. Aero's proprietary ATLAS attachment system is a durable and dependable mounting platform, maintaining a slim profile while still providing the strength and stability customers have grown to love from Aero Precision handguards. Actual Handguard Lengths: 7.3", 9.3", 10.3", 12.7", 15" -- Aero Precision rail lengths measure from end to end. This is the point of contact at the receiver to the end of the last picatinny slot at the muzzle. Available in M-LOK profiles with 7.3", 9.3", 10.3", 12.7" and 14.94 (Actual Length 15") options. ATLAS The new Aero Taper Lock Attachment System (ATLAS) is both functional and aesthetically pleasing. It features 2 mirrored tapered locking nuts that provide evenly distributed clamping pressure across a custom engineered barrel nut with use of a turnbuckle screw. A ratcheting detent further secures the design while providing positive registration during installation. By design, the even pressure of the ATLAS system avoids distortion of the handguard often seen with current applications during installation. All hardware mounting parts are included with the purchase of an ATLAS Handguard. LIGHTWEIGHT BY DESIGN M-LOK Handguard Weights: 7.3" - 4.86 oz / 9.3" - 5.47 oz / 10.3" - 6.0 oz / 12.7" - 7.00 oz / 15" - 7.95 oz Mounting Hardware Weight: 1.9 oz (same across all S-ONE Handguard options) FEATURES: Front and rear picatinny rail Eliminated center of top rail for weight reduction Indexing grooves in 12:00 position for positive grip control Quick disconnect sling socket at the 3, 6 and 9 o'clock positions Compatible with low profile gas blocks 1.3" Inside diameter 1.5" Outside diameter Compatible with mil-spec AR15 upper receivers and barrels NOT Compatible with M4E1 Enhanced Upper Receivers ATLAS Handguards are designed to match seamlessly with Aero's M4E1 Threaded Upper Receivers. Additionally, they are compatible with any Mil-Spec AR-15 upper receivers as well. However, they may not be compatible with billet upper receivers due to indexing tabs. Save when you buy them as a combo. Please note: The ATLAS Handguards are NOT compatible with Aero's M4E1 Enhanced Upper Receiver.

ATLAS SONE MLOK Free Floating Handguard Safety Instructions

Introduction

Thank you for choosing the ATLAS SONE MLOK Free Floating Handguard for your AR15. This product is designed to enhance your firearm's performance while ensuring safety during use. Please read this safety instruction guide carefully to ensure proper handling, installation, and maintenance of your handguard.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Ensure that the handguard is compatible with your AR15 model before installation.
- Use the handguard only for its intended purpose; do not modify it.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the handguard and mounting hardware for wear or damage.
- Follow all local laws and regulations regarding firearm modifications and accessories.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installing or removing the handguard.
- Avoid placing your fingers or any body part in front of the muzzle while handling the firearm.
- Use appropriate tools when installing the handguard to prevent injury.
- Do not exceed the manufacturer's recommended torque specifications during installation.
- Be cautious of sharp edges on the handguard during installation and handling.
- If you experience any difficulties during installation, seek assistance from a qualified professional.

Instructions for Installation and Usage

Installation Steps

1. Prepare Your Workspace

- Ensure you have a clean, welllit area to work in.
- Gather all necessary tools, including a torque wrench and the included mounting hardware.

2. Remove the Existing Handguard

- Unload your firearm completely.
- Follow the manufacturer's instructions to remove the existing handguard.

3. Install the ATLAS SONE Handguard

- Align the ATLAS handguard with the barrel nut.
- Use the provided mounting hardware and follow the torque specifications in the product manual.
- Ensure that the handguard is securely attached and does not move when pulled.

4. Check Compatibility

- Ensure that the handguard is properly aligned with the gas block and does not obstruct any moving parts.

5. Final Inspection

- Check all mounting points to ensure they are secure.
- Inspect the handguard for any visible defects or damage.

Usage Guidelines

- Use the handguard in conjunction with compatible accessories, such as MLOK attachments.
- Regularly check the handguard and mounting hardware for signs of wear or looseness.
- Clean the handguard regularly to maintain its appearance and performance.

Disposal Instructions

- Dispose of the handguard in accordance with local regulations.
- If the handguard is damaged or no longer in use, consider recycling the aluminum material where applicable.
- Do not dispose of the handguard in regular household waste.

Contact Information for Further Support

For any questions regarding the ATLAS SONE MLOK Free Floating Handguard or for safety inquiries, please consult the product manual or the manufacturer's website for additional resources and support.

Thank you for your attention to these safety instructions. Proper care and usage will help ensure a safe and enjoyable experience with your ATLAS SONE Handguard.
