

# ATLAS S-ONE M-LOK FREE FLOATING HANDGUARD FOR AR-15 - AERO PRECISION ATLAS S-ONE 9" HANDGUARD M-LOK FREE FLOAT FOR AR-15 BLACK

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

## Not Your Average Handguard

The ATLAS S-ONE is the newest addition to the Aero Precision Handguard lineup. Machined from 6061-T6 Aluminum, the S-ONE line of handguards are designed with size and weight in mind, providing the perfect handguard for your lightweight build. Aero's proprietary ATLAS attachment system is a durable and dependable mounting platform, maintaining a slim profile while still providing the strength and stability customers have grown to love from Aero Precision handguards. Actual Handguard Lengths: 7.3", 9.3", 10.3", 12.7", 15" -- Aero Precision rail lengths measure from end to end. This is the point of contact at the receiver to the end of the last picatinny slot at the muzzle. Available in M-LOK profiles with 7.3", 9.3", 10.3", 12.7" and 14.94 (Actual Length 15") options. ATLAS The new Aero Taper Lock Attachment System (ATLAS) is both functional and aesthetically pleasing. It features 2 mirrored tapered locking nuts that provide evenly distributed clamping pressure across a custom engineered barrel nut with use of a turnbuckle screw. A ratcheting detent further secures the design while providing positive registration during installation. By design, the even pressure of the ATLAS system avoids distortion of the handguard often seen with current applications during installation. All hardware mounting parts are included with the purchase of an ATLAS Handguard. **LIGHTWEIGHT BY DESIGN M-LOK**  
Handguard Weights: 7.3" - 4.86 oz / 9.3" - 5.47 oz / 10.3" - 6.0 oz / 12.7" - 7.00 oz / 15" - 7.95 oz Mounting Hardware Weight: 1.9 oz (same across all S-ONE Handguard options) **FEATURES:** Front and rear picatinny rail Eliminated center of top rail for weight reduction Indexing grooves in 12:00 position for positive grip control Quick disconnect sling socket at the 3, 6 and 9 o'clock positions Compatible with low profile gas blocks 1.3" Inside diameter 1.5" Outside diameter Compatible with mil-spec AR15 upper receivers and barrels **NOT** Compatible with M4E1 Enhanced Upper Receivers ATLAS Handguards are designed to match seamlessly with Aero's M4E1 Threaded Upper Receivers. Additionally, they are compatible with any Mil-Spec AR-15 upper receivers as well. However, they may not be compatible with billet upper receivers due to indexing tabs. Save when you buy them as a combo. Please note: The ATLAS Handguards are **NOT** compatible with Aero's M4E1 Enhanced Upper Receiver.

# ATLAS SONE MLOK Free Floating Handguard Safety Instructions

## Introduction

Thank you for choosing the ATLAS SONE MLOK Free Floating Handguard for your AR15 build. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. Please read this document carefully before installation and use.

## General Safety Guidelines

- Ensure that the handguard is compatible with your AR15 model before purchase.
- Always wear appropriate safety gear, including eye protection, when handling firearms and accessories.
- Keep the handguard and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the handguard for any signs of wear or damage. Do not use if damaged.
- Follow all local laws and regulations regarding firearm modifications and accessories.

## Specific Safety Precautions for Use

- Ensure the firearm is unloaded before installing or removing the handguard.
- Verify that all mounting hardware is securely tightened to prevent any movement during use.
- Avoid using excessive force during installation to prevent damage to the handguard or the firearm.
- Do not exceed the recommended weight limits for accessories mounted on the handguard.
- Be cautious of sharp edges during installation and handling.

## Instructions for Installation and Usage

### Installation Steps

#### 1. Preparation:

- Ensure you have all necessary tools and mounting hardware included with your ATLAS SONE Handguard.
- Read through the installation instructions before beginning.

#### 2. Remove Existing Handguard:

- Ensure the firearm is unloaded.
- Remove the existing handguard by loosening the mounting screws and sliding it off the barrel nut.

#### 3. Install Barrel Nut:

- If not already installed, attach the provided barrel nut to the upper receiver.
- Use the appropriate torque specifications as outlined in your upper receiver's manual.

#### 4. Attach the Handguard:

- Slide the ATLAS SONE Handguard onto the barrel nut.
- Align the handguard with the upper receiver, ensuring the MLOK slots are accessible.

#### 5. Secure the Handguard:

- Use the provided locking nuts and turnbuckle screws to secure the handguard.
- Ensure that the locking nuts are evenly tightened to distribute clamping pressure.

## 6. Final Check:

- Doublecheck all connections and ensure the handguard is securely attached.
- Test the handguard by applying gentle pressure to confirm stability.

## Usage Guidelines

- Use the MLOK slots to attach accessories as needed, ensuring they are securely mounted.
- Regularly check the tightness of the handguard and accessories during use.
- Maintain the handguard by cleaning it regularly and avoiding exposure to harsh chemicals.

## Disposal Instructions

- Dispose of the handguard and any associated hardware in accordance with local regulations.
- If the product is damaged or no longer usable, consider recycling materials where applicable.
- Do not dispose of in regular household waste if it contains hazardous materials.

## Contact Information for Further Support

For more information regarding safety, installation, and usage of the ATLAS SONE MLOK Free Floating Handguard, please refer to the manufacturer's website or contact customer support.

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with your ATLAS SONE Handguard. Thank you for your attention to safety and for choosing Aero Precision products.
