## Not Your Average Handguard

The ATLAS S-ONE is the newest addition to the Aero Precision Handguard lineup. Machined from 6061-T6 Aluminum, the S-ONE line of handguards are designed with size and weight in mind, providing the perfect handguard for your lightweight build. Aero's proprietary ATLAS attachment system is a durable and dependable mounting platform, maintaining a slim profile while still providing the strength and stability customers have grown to love from Aero Precision handguards. Actual Handguard Lengths: 7.3", 9.3", 10.3", 12.7", 15" -- Aero Precision rail lengths measure from end to end. This is the point of contact at the receiver to the end of the last picatinny slot at the muzzle. Available in M-LOK profiles with 7.3", 9.3", 10.3", 12.7" and 14.94 (Actual Length 15") options. ATLAS The new Aero Taper Lock Attachment System (ATLAS) is both functional and aesthetically pleasing. It features 2 mirrored tapered locking nuts that provide evenly distributed clamping pressure across a custom engineered barrel nut with use of a turnbuckle screw. A ratcheting detent further secures the design while providing positive registration during installation. By design, the even pressure of the ATLAS system avoids distortion of the handguard often seen with current applications during installation. All hardware mounting parts are included with the purchase of an ATLAS Handguard. LIGHTWEIGHT BY DESIGN M-LOK Handguard Weights: 7.3" - 4.86 oz / 9.3" - 5.47 oz / 10.3" - 6.0 oz / 12.7" - 7.00 oz / 15" - 7.95 oz Mounting Hardware Weight: 1.9 oz (same across all S-ONE Handguard options) FEATURES: Front and rear picatinny rail Eliminated center of top rail for weight reduction Indexing grooves in 12:00 position for positive grip control Quick disconnect sling socket at the 3, 6 and 9 o'clock positions Compatible with low profile gas blocks 1.3" Inside diameter 1.5" Outside diameter Compatible with mil-spec AR15 upper receivers and barrels NOT Compatible with M4E1 Enhanced Upper Receivers ATLAS Handguards are designed to match seamlessly with Aero's M4E1 Threaded Upper Receivers. Additionally, they are compatible with any Mil-Spec AR-15 upper receivers as well. However, they may not be compatible with billet upper receivers due to indexing tabs. Save when you buy them as a combo. Please note: The ATLAS Handguards are NOT compatible with Aero's M4E1 Enhanced Upper Receiver.

# ATLAS SONE MLOK Free Floating Handguard

## Safety Instructions

### Introduction

Thank you for choosing the ATLAS SONE MLOK Free Floating Handguard for your AR15. This product is designed with safety and performance in mind. Please read this safety instruction guide carefully to ensure proper use and installation of the handguard.

### General Safety Guidelines

- Ensure that the handguard is installed correctly to avoid any accidents or injuries.
- Always wear appropriate safety gear, including eye protection, when handling firearms and related components.
- Keep the handguard and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the handguard for any signs of wear or damage before each use.
- Follow all local laws and regulations regarding firearm modifications and accessories.
- Be aware of your surroundings and practice safe handling at all times.

### Specific Safety Precautions for Use

- **Compatibility:** Ensure that the ATLAS SONE Handguard is compatible with your specific AR15 model. The handguard is compatible with milspec AR15 upper receivers but is NOT compatible with Aero's M4E1 Enhanced Upper Receivers.
- **Installation:** Follow the installation instructions carefully to prevent improper fitting, which can lead to malfunctions or accidents.
- **Weight Considerations:** Be mindful of the weight of the handguard and any additional accessories you may attach. Ensure your firearm remains balanced and manageable.
- **Heat Management:** The handguard may become hot during use. Allow it to cool before handling to avoid burns.
- **Sling Attachment:** When using the quick disconnect sling socket, ensure it is securely fastened to prevent accidental detachment during use.

### Instructions for Installation and Usage

1. **Preparation:** Gather all necessary tools and components before starting the installation. Ensure your firearm is unloaded and in a safe condition.
2. **Remove Existing Handguard:** If applicable, remove your existing handguard according to the manufacturer's instructions.
3. **Install the ATLAS Handguard:**
  - Align the handguard with the upper receiver.
  - Use the provided mounting hardware to secure the handguard in place.
  - Ensure that the handguard is properly seated and that all screws are tightened securely.
4. **Check Compatibility:** Verify that the handguard does not interfere with the operation of the firearm or any attached components.
5. **Test Fit:** Before using, conduct a test fit to ensure that everything is functioning correctly.
6. **Usage:** Use the handguard as intended for your AR15. Regularly inspect it for any signs of wear or damage during use.
7. **PostUse Care:** Clean the handguard as needed to maintain its functionality and appearance.

## **Disposal Instructions**

- Dispose of the handguard and any related materials in accordance with local regulations.
- Do not dispose of the handguard in regular household waste if it contains hazardous materials.
- Consider recycling the aluminum components where possible.

## **Contact Information for Further Support**

For any safety inquiries, product support, or additional information, please refer to the manufacturer's website or contact your local dealer.

Thank you for your attention to these safety instructions. Your safety and the safety of others depend on your adherence to these guidelines. Enjoy your ATLAS SONE MLOK Free Floating Handguard and practice safe handling at all times.
