[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

## Not Your Average Handguard

The ATLAS S-ONE is the newest addition to the Aero Precision Handguard lineup. Machined from 6061-T6 Aluminum, the S-ONE line of handguards are designed with size and weight in mind, providing the perfect handguard for your lightweight build. Aero's proprietary ATLAS attachment system is a durable and dependable mounting platform, maintaining a slim profile while still providing the strength and stability customers have grown to love from Aero Precision handguards. Actual Handguard Lengths: 7.3", 9.3", 10.3", 12.7", 15" -- Aero Precision rail lengths measure from end to end. This is the point of contact at the receiver to the end of the last picatinny slot at the muzzle. Available in M-LOK profiles with 7.3", 9.3", 10.3", 12.7" and 14.94 (Actual Length 15") options. ATLAS The new Aero Taper Lock Attachment System (ATLAS) is both functional and aesthetically pleasing. It features 2 mirrored tapered locking nuts that provide evenly distributed clamping pressure across a custom engineered barrel nut with use of a turnbuckle screw. A ratcheting detent further secures the design while providing positive registration during installation. By design, the even pressure of the ATLAS system avoids distortion of the handguard often seen with current applications during installation. All hardware mounting parts are included with the purchase of an ATLAS Handguard. LIGHTWEIGHT BY DESIGN M-LOK Handguard Weights: 7.3" - 4.86 oz / 9.3" - 5.47 oz / 10.3" - 6.0 oz / 12.7" - 7.00 oz / 15" - 7.95 oz Mounting Hardware Weight: 1.9 oz (same across all S-ONE Handguard options) FEATURES: Front and rear picatinny rail Eliminated center of top rail for weight reduction Indexing grooves in 12:00 position for positive grip control Quick disconnect sling socket at the 3, 6 and 9 o'clock positions Compatible with low profile gas blocks 1.3" Inside diameter 1.5" Outside diameter Compatible with mil-spec AR15 upper receivers and barrels NOT Compatible with M4E1 Enhanced Upper Receivers ATLAS Handguards are designed to match seamlessly with Aero's M4E1 Threaded Upper Receivers. Additionally, they are compatible with any Mil-Spec AR-15 upper receivers as well. However, they may not be compatible with billet upper receivers due to indexing tabs. Save when you buy them as a combo. Please note: The ATLAS Handguards are NOT compatible with Aero's M4E1 Enhanced Upper Receiver.

# ATLAS SONE MLOK Free Floating Handguard Safety Instruction Guide

## Introduction

Thank you for choosing the ATLAS SONE MLOK Free Floating Handguard for your AR15. This guide provides essential safety instructions and guidelines to ensure safe and effective use of your handguard. Please read this manual carefully before installation and usage.

## General Safety Guidelines

- Ensure that all components are compatible with your AR15 before installation.
- Always handle firearms with care, following the basic rules of firearm safety.
- Keep the handguard and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the handguard for any signs of damage or wear. If any issues are found, discontinue use and contact a qualified gunsmith.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Do not exceed the manufacturer's recommended weight limit for accessories mounted on the handguard.
- Avoid using the handguard with incompatible upper receivers, specifically the Aero's M4E1 Enhanced Upper Receiver.
- Ensure that the handguard is securely mounted before using the firearm.
- Do not modify the handguard in any way, as this may compromise its integrity and safety.
- Always wear appropriate safety gear, such as eye protection, when handling firearms.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools for installation, including a torque wrench.
- Ensure the firearm is unloaded and pointed in a safe direction.

### 2. Installation:

- Remove the existing handguard from your AR15 upper receiver.
- Align the ATLAS SONE handguard with the upper receiver.
- Use the provided mounting hardware to secure the handguard. Ensure that the tapered locking nuts are properly tightened to avoid any movement.
- Check the alignment of the handguard with the upper receiver. It should be flush and secure.

### 3. Usage:

- Once installed, familiarize yourself with the location of the quick disconnect sling sockets and picatinny rails.
- Attach any accessories as needed, ensuring they are securely mounted.
- Regularly check the tightness of the handguard and accessories, especially after extensive use.

## Disposal Instructions

- Dispose of the handguard and any associated packaging materials in accordance with local regulations.
- Do not dispose of the handguard in regular household waste if it is damaged or contains hazardous

materials.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the ATLAS SONE MLOK Free Floating Handguard, please refer to the manufacturer's contact information provided on the product packaging or website.

Thank you for your attention to these safety instructions. Enjoy your experience with the ATLAS SONE handguard!
