## Minimal-Profile Competition Mag Pouch Aids in Fast Mag Changes

The Tandemkross Quick Grip .22 Magazine Pouch holds a spare mag securely on your belt, in reach for a rapid reload in competition or out in the field. Made of ultra-tough, molded Zytel® polymer, the Quick Grip retains the mag by friction alone - no buttons, flaps, straps, Velcro®, or other fasteners to get in your way. An adjustment screw on the side lets you set the exact gripping tension you need and ensures the Quick Grip fits a wide variety of mags for popular .22 pistols. Ideal for rimfire speed shooting competitions. Made of chemical-, heat-, and impact-resistant DuPont Zytel® nylon polymer. Rigid belt loop slides easily over most tactical belts. Sold in pack of 2. Tandemkross's expandable interlocking design allows you to "Daisy chain" together as many QuickGrip magazine pouches as you need, while taking up the smallest possible amount of belt space. The rigid Zytel material means the pouch retains its shape when the magazine is removed, so you can re-insert the mag with one hand. # Tandemkross Quick Grip .22 Magazine Pouch Safety Instructions

## Introduction

Thank you for choosing the Tandemkross Quick Grip .22 Magazine Pouch. This product is designed to securely hold spare magazines for rapid reloading during competitions or field use. This safety instruction guide is intended to help you use the product safely and effectively, in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the magazine pouch is compatible with your specific magazine model before use.
- Always check the pouch for any visible damage before each use. Do not use if damaged.
- Keep the magazine pouch out of reach of children to prevent accidental injury.
- Do not overload the pouch with more magazines than it is designed to hold.
- Use the pouch only for its intended purpose; misuse may result in injury or damage.
- Follow all local laws and regulations regarding the use of firearms and associated accessories.

## Specific Safety Precautions for Use

- Always ensure that the magazine is empty before inserting it into the pouch.
- Adjust the gripping tension using the adjustment screw to ensure a secure fit for your magazine.
- When removing the magazine from the pouch, do so carefully to avoid dropping or mishandling it.
- Avoid placing any unnecessary weight or pressure on the pouch when it is not in use, as this may affect its shape and functionality.
- Do not expose the pouch to extreme temperatures, chemicals, or other conditions that may compromise its integrity.

## Instructions for Installation and Usage

### 1. Installation:

- Slide the rigid belt loop of the pouch over your tactical belt until it is securely in place.
- Ensure that the pouch is positioned for easy access while maintaining a comfortable fit on your belt.

### 2. Usage:

- To insert a magazine, align it with the pouch opening and push it in until it is firmly seated.
- To remove a magazine, grasp it firmly and pull it straight out of the pouch.
- If the magazine is difficult to remove, check the gripping tension and adjust as necessary.

## Disposal Instructions

- Dispose of the pouch in accordance with local regulations regarding plastic and polymer materials.
- If the pouch is damaged beyond repair, ensure that it is disposed of safely to prevent any potential hazards.
