

TSA PADLOCK 2-PACK - SNAP SAFE TSA PADLOCK 2-PACK

[Shooting Accessories](#) > [Gun Storage](#) > [Gun Storage Accessories](#)

Securely Protects What's Yours

Keep unwanted visitors from rifling through your stuff with the all-metal TSA-approved padlock. With a 4-digit combination you can have peace of mind while at home or on the road. Statistically, 4-digit locks are 10 times harder to crack than 3-digit locks. TSA-approved locks allow TSA screeners to inspect luggage without damaging the locks. 4-digit combination all-metal TSA-approved padlock Stainless steel hasps Set your own combination Keep people you don't want touching your stuff securely locked out, but allow those who protect the skies to do their job easily.

TSA Padlock 2Pack Safety Instructions

Introduction

Thank you for purchasing the TSA Padlock 2Pack from Snap Safe. This guide provides important safety instructions and guidelines to ensure the safe use of your new padlock. Please read this manual carefully before use to maximize safety and security.

General Safety Guidelines

- Ensure the padlock is used only for its intended purpose, which is to secure luggage and personal belongings.
- Keep the padlock out of reach of children to prevent accidental locking or misuse.
- Regularly check the padlock for signs of wear or damage. If any damage is observed, discontinue use immediately.
- Always remember your combination. Do not share it with others to maintain the security of your belongings.
- In case of a forgotten combination, consult the manufacturer for assistance rather than forcing the lock.

Specific Safety Precautions for Use

- Do not expose the padlock to extreme temperatures or harsh chemicals, as this can affect its performance and durability.
- Ensure the shackle is fully engaged before locking to prevent accidental opening.
- Use the padlock only on TSA approved luggage and bags to ensure compatibility with TSA screening processes.
- Avoid using the padlock in high humidity or wet environments to prevent rusting of the metal components.
- If you notice any unusual resistance when turning the combination dial, stop using the lock and contact the manufacturer.

Instructions for Installation and Usage

1. Setting Your Combination:

- The padlock comes preset to a factory combination. Follow these steps to set your own combination:
 - Open the padlock using the factory combination.
 - Locate the reset button (usually found on the side of the lock).
 - Press and hold the reset button while setting your new 4 digit combination.
 - Release the reset button to save your new combination.
 - Test the new combination to ensure it works before use.

2. Locking Your Belongings:

- Open the padlock using your set combination.
- Insert the shackle through the zipper pulls or locking points of your luggage.
- Close the shackle until it clicks into place.
- Rotate the combination dial to scramble the numbers, securing your belongings.

3. Unlocking Your Belongings:

- Turn the combination dial to align your set combination.
- Press down on the shackle to release it.

- Remove the padlock from your luggage.

Disposal Instructions

- Dispose of the padlock responsibly. If the padlock is no longer functional, it should be recycled if possible.
- Check local regulations for proper disposal methods for metal products.

Contact Information for Further Support

For any questions or concerns regarding the TSA Padlock 2Pack, please consult the manufacturer's customer support resources. They can provide assistance regarding safety inquiries, product recalls, or other productrelated questions.

Conclusion

By following these safety instructions, you can ensure the effective use of your TSA Padlock 2Pack while keeping your belongings secure. Thank you for choosing Snap Safe, and travel safely!
