### The Shooter's Dream Tripod: Outstanding Support + Minimal Weight

The Feisol Tournament CT-3442 Rapid Tripod is a steady platform you can rely on when settling the crosshairs on a trophy buck or ram. It's designed to provide the maximum strength combined with the minimum weight, so carrying it to the range or your prime hunting spot lead you winded. The Tournament CT-3442 is equipped with Feisol's Rapid System that makes setup and takedown fast and easy. The adjustable legs lock into place with just a twist, and they can be set at 25°, 50°, and 75°, so you have plenty of control over how high your rifle will sit. Feisol's Tournament CT-3442 Rapid Tripod has a body made of 7075 T6 aluminum, prized in the aerospace industry for its exceptional strength coupled with light weight. The legs are formed from an advanced carbon fiber material whose minimal weight belies its superb strength. The result: a tripod that's easy to carry, yet strong enough to withstand punishing recoil. Large 3.15" diameter base plate with 1/4"-20 tpi mounting screw is capable of supporting large ball heads Ultra-compact - only 19.3" long when folded Legs fold up 180° degrees over the ball head for maximum compactness Weight: only 2.5 lbs Foam padding on the upper portion of each leg makes the CT-3442 quieter to work with, eases handling in cold weather, and makes carrying on your shoulder when fully extended more comfortable. The Feisol Tournament CT-3442 Rapid Tripod is a great companion for hunting or taking photos in the back country. When folded, it fits nicely in a back pack, yet its fully adjustable legs allow you to get in the perfect position to make that crucial shot (or get that once-in-a-lifetime photo). Brownells Guntech™ Tip: You must have an adapter plate or head to accept an optic or the standard 1/4"-20 tpi receptacle. These items are sold separately.

### Attributes

- Name: [FEISOL CT-3442 RAPID TOURNAMENT TRIPOD](#)

# Safety Instruction Guide for the Feisol Tournament CT3442 Rapid Tripod

## Introduction

Thank you for choosing the Feisol Tournament CT3442 Rapid Tripod. This guide provides important safety information and instructions to ensure safe and effective use of your tripod. Please read this guide carefully before using the product.

## General Safety Guidelines

- Always ensure that the tripod is set up on a stable and level surface to prevent tipping or collapsing.
- Do not exceed the maximum load capacity of 55.0 lbs to avoid damage or injury.
- Ensure that all legs are securely locked in place before use.
- Regularly inspect the tripod for any signs of wear or damage, especially the legs and locking mechanisms.
- Keep the tripod away from children and vulnerable individuals to prevent accidents.
- Use the tripod only for its intended purpose; do not use it for any other applications that may pose safety risks.

## Specific Safety Precautions for Use

- When adjusting the legs, ensure that your fingers are clear of any moving parts to avoid pinching injuries.
- Avoid using the tripod in extreme weather conditions, such as high winds or heavy rain, which may affect stability.
- Never leave the tripod unattended when in use, especially if it is holding equipment.
- When transporting the tripod, ensure that all legs are fully collapsed to prevent injury.
- Use foam padding on the legs for improved grip and comfort, especially in cold weather.

## Instructions for Installation and Usage

### 1. Setup

- Unfold the tripod legs and ensure they are locked securely in place.
- Adjust the legs to your desired height (25°, 50°, or 75°) by twisting the locking mechanism.
- Ensure the tripod is stable and level before placing any equipment on it.

### 2. Mounting Equipment

- Use the provided 1/4"20 tpi mounting screw to attach your equipment securely.
- Ensure that the equipment is compatible with the tripod and does not exceed the weight limit.

### 3. Adjusting the Tripod

- To adjust the height, unlock the leg locks, extend or retract the legs to the desired height, and lock them back in place.
- Always check that the legs are locked securely before using the tripod.

### 4. Takedown

- To collapse the tripod, unlock the leg locks and fold the legs back to their compact position.
- Ensure that the tripod is fully collapsed before storing or transporting.

## **Disposal Instructions**

- Dispose of the tripod in accordance with local regulations regarding electronic and nonbiodegradable waste.
- Avoid throwing the tripod in general waste; check for recycling options in your area.

## **Contact Information for Further Support**

For any safety inquiries or support, please refer to the manufacturer's contact information provided with your product packaging.

By following these safety guidelines and instructions, you can ensure the safe and effective use of your Feisol Tournament CT3442 Rapid Tripod. Thank you for prioritizing safety while enjoying your outdoor activities.
