ELITE TRIPOD LEVELING BASE FEISOL LB7572

Safety Instruction Guide

Introduction

Thank you for choosing the ELITE TRIPOD LEVELING BASE FEISOL LB7572. This guide aims to provide you with essential safety instructions to ensure the safe use of this product. Please read this manual carefully before using the leveling base to avoid potential hazards and ensure optimal performance.

General Safety Guidelines

Please follow these general safety guidelines to ensure safe usage of the ELITE TRIPOD LEVELING BASE:

- Always inspect the leveling base before use for any signs of damage or wear.
- Ensure that the leveling base is used only with compatible ballheads or panning bases as specified.
- Use the leveling base on a stable and flat surface to prevent tipping or falling.
- Do not exceed the maximum weight capacity of the leveling base.
- Keep the leveling base away from children and vulnerable individuals to prevent accidents.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

When using the ELITE TRIPOD LEVELING BASE, please observe the following precautions:

- Ensure that the integrated bubble level is properly calibrated before use.
- Do not incline the leveling base beyond 30 degrees in any direction.
- Avoid using the leveling base in adverse weather conditions, such as high winds or heavy rain.
- Ensure that all components are securely fastened before operating.
- Do not attempt to modify or repair the leveling base yourself.

Instructions for Installation and Usage

Follow these steps for the proper installation and usage of the ELITE TRIPOD LEVELING BASE:

1. Preparation:

- Remove the leveling base from the packaging and inspect for any damage.
- Ensure you have a compatible ballhead or panning base ready for attachment.

2. Installation:

- Align the mounting plate of the leveling base with the ballhead or panning base.
- Securely attach the leveling base using the 3/8" screw provided.
- Confirm that the mounting is tight and stable before proceeding.

3. Usage:

- Place the leveling base on a flat, stable surface.
- Adjust the leveling base using the integrated bubble level to achieve a level platform.
- Once leveled, proceed to mount your camera or equipment securely.

4. PostUsage:

- After use, detach the leveling base from the ballhead or panning base.

- Store the leveling base in a dry and safe location.

Disposal Instructions

At the end of its life cycle, please dispose of the ELITE TRIPOD LEVELING BASE in accordance with local regulations. Do not dispose of it in general waste. Instead, consider the following options:

- Recycle the aluminum components where facilities are available.
- Follow your local electronic waste disposal guidelines for proper disposal.

Contact Information for Further Support

For any questions or concerns regarding the ELITE TRIPOD LEVELING BASE FEISOL LB7572, please refer to the product packaging for the manufacturer's contact information or visit the manufacturer's website for additional support.

Thank you for following these safety instructions. Enjoy using your ELITE TRIPOD LEVELING BASE FEISOL LB7572 safely and effectively!
