

417 COMPENSATOR FOR GLOCK® GEN 3 & 4 - AGENCY ARMS 417 COMP FOR GLOCK® GEN 3, 1/2"X28 GOLD

[Handgun Parts](#) > [Barrel Parts](#) > [Muzzle Devices](#) > [Compensators](#)

Faster Follow-Up. More Control.

Looking to get a bit more control over your 9mm Glock handguns? Want faster follow-up shots? Adding an Agency Arms 417 Compensator to your Glock Gen 3 or 4 handguns enables owners to do more with their guns, thanks to a unique design. Machined from 7075 aluminum, the Agency Arms 417 Compensator fits all Gen 3 and Gen 4 models of the Glock G17, G19 and G34. The muzzle device features a two-chamber design, featuring two vertical ports as well as two ports that vent off to the side. Options are available with both black and gold finishes. For installation, the Agency Arms 417 Compensator ships with the set screws needed, and owners can continue using their OEM recoil-spring assembly. The device requires a threaded barrel with a 1/2-28 TPI thread pitch. Another added features of the Agency Arms 417 Compensator is a machined hole compatible with all Glock front sights, allowing users to enhance their sight radius.

Safety Instruction Guide for Agency Arms 417 Compensator for Glock® Gen 3 & 4

Introduction

Thank you for choosing the Agency Arms 417 Compensator for your Glock Gen 3 or 4 handguns. This guide provides essential safety instructions to ensure the safe and effective use of your compensator. Please read this guide carefully and keep it for future reference.

General Safety Guidelines

- Ensure that the compensator is compatible with your specific Glock model (G17, G19, or G34).
- Always handle firearms with care and treat every gun as if it is loaded.
- Keep the compensator and all firearms out of reach of children and unauthorized users.
- Do not use the compensator with a nonthreaded barrel.
- Regularly inspect the compensator and firearm for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm modifications and accessories.

Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when shooting.
- Confirm that the firearm is unloaded before installing or removing the compensator.
- Ensure that the compensator is securely attached before use.
- Be aware of the increased noise and muzzle blast associated with compensators.
- Use only ammunition that is suitable for your Glock model and meets manufacturer specifications.
- Avoid using the compensator in enclosed spaces without proper ventilation.

Instructions for Installation and Usage

1. Preparation:

- Ensure your Glock is unloaded and pointed in a safe direction.
- Gather the necessary tools, including the set screws provided with the compensator.

2. Installation:

- Remove the existing muzzle device, if applicable.
- Thread the Agency Arms 417 Compensator onto the threaded barrel, ensuring it is aligned correctly.
- Tighten the set screws securely to prevent any movement during use.
- Confirm that the compensator is firmly attached by gently trying to rotate it.

3. Usage:

- Once installed, you may use your Glock as usual. The compensator is designed to enhance control and reduce muzzle rise during firing.
- Regularly check the tightness of the compensator after extensive use.

Disposal Instructions

- Dispose of the compensator in accordance with local regulations for metal waste.
- Do not throw the compensator in regular household waste.
- If the compensator is damaged or no longer usable, contact a local recycling facility for proper disposal.

methods.

Contact Information for Further Support

For any safety inquiries or product support, please consult your local firearm dealer or manufacturer representative.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your Agency Arms 417 Compensator. Always prioritize safety and responsible firearm use.
