

## 2 CAVITY RIFLE BULLET MOLDS - LEE PRECISION 22 CALIBER (0.225") 55GR FLAT NOSE DOUBLE CAVITY MOLD

[Reloading](#) > [Bullet Casting](#) > [Casting Moulds](#) > [Rifle Moulds](#)

All Lee mould blocks are made from aluminum because of its exceptional moulding qualities. All mould cavities are CNC machined for unmatched roundness and size control. All hollow base moulds are single cavity only as they have a self centering, automatic core pin for the fastest possible moulding. All moulds include handles and sprue plates.

# Safety Instruction Guide for 2 Cavity Rifle Bullet Molds

## Introduction

Thank you for choosing the 2 Cavity Rifle Bullet Molds by Lee Precision. This guide provides essential safety instructions to ensure the safe use and handling of this product. Please read the entire guide carefully before using the product.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling the mold.
- Inspect the mold for any damage before use. Do not use if damaged.
- Store the product in a dry, cool place when not in use.
- Be aware of your surroundings and ensure a safe working environment.

## Specific Safety Precautions for Use

- Always use the mold in a wellventilated area to avoid inhaling fumes from heated materials.
- Do not exceed the recommended temperature limits when using the mold.
- Handle hot materials with care to prevent burns. Use appropriate tools to handle the mold.
- Avoid direct contact with sharp edges of the mold to prevent cuts.
- Ensure that the mold is securely clamped or held in place during use to prevent accidents.
- Do not attempt to modify or alter the mold in any way.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary materials and tools before starting.
- Ensure that the work area is clean and organized.

### 2. Installation:

- Secure the mold in a stable position using clamps or a suitable mounting system.
- Ensure that the mold is level and properly aligned.

### 3. Usage:

- Preheat the mold according to the manufacturer's recommendations.
- Carefully pour the molten material into the cavities, avoiding overfilling.
- Allow the material to cool and solidify completely before removing the bullets from the mold.
- Use a suitable tool to gently release the bullets from the mold without damaging them.

### 4. PostUsage Care:

- Clean the mold thoroughly after each use to prevent buildup of residues.
- Store the mold in a protective case or cover to prevent dust and damage.

## **Disposal Instructions**

- Dispose of the product according to local regulations for metal and aluminum waste.
- Do not dispose of the mold in regular household waste.
- Ensure that any unused or leftover materials are disposed of safely and responsibly.

## **Contact Information for Further Support**

For any safety inquiries or productrelated questions, please contact the manufacturer or your local distributor. Ensure you have the product details available for reference.

By following these safety instructions, you can ensure a safe and effective experience with your 2 Cavity Rifle Bullet Molds. Thank you for your attention to safety and compliance with the EU General Product Safety Regulation.
