

REMINGTON PRO 700 SA CHASSIS ADJUSTABLE - MAGPUL PRO 700 FOLDING STOCK FOR REMINGTON 700 SA BLACK

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

Completely Adjustable Rifle Chassis

Magpul's Pro 700 Rifle Chassis combines innovative engineering and precision machining to create a full featured precision rifle chassis for Remington 700 actions. Based on a full billet 6061-T6 aluminum skeleton, the Magpul Pro 700 Rifle Chassis is clad in Magpul polymer for comfort, noise mitigation, and ergonomics. With the swap of a bolt-cutout plate, a reversible cheek riser, and reversible hinge, the chassis is fully ambidextrous, ensuring that left handed shooters are included in the fun! The Pro 700 Rifle Chassis features an injection molded polymer grip with 5-degree forward edge sweep and enlarged palm swell with 7-degree aft edge sweep for enhanced user comfort combined with a .75" fore/aft adjustment range using a common hex wrench. Users can adjust the comb height to 1" with a secondary locking knob, eliminating movement to the cheek riser. An Integrated AICS pattern magazine made of reinforced polymer is included and optimized for PMAG® 5 & PMAG® 10 7.62 AC™ magazines as well as most other AICS pattern short action magazines. Reversible, durable push-button hinge to fold the stock. Overall LOP adjustment range: 13.25"-15.125" Butt pad height adjustment: .90"-1.33", adjustable 5 degrees left or right Cheek riser: 3-position fore/aft adjustment of +.375", 0" and -.375"; left- or right-handed adjustable Durable cast steel rotation limited QD sling swivel mounts with Melonite® finish fits up to 1.5" push button swivels M-LOK slots available for accessory mounting The magazine release is melonite treated steel that is low-profile and ambidextrous A large trigger guard found on the Pro 700 accepts most factory and aftermarket curved or flat triggers, and can be used with gloves. A melonite treated steel magazine release is low-profile and ambidextrous. The Magpul Remington 700 Pro Chassis fits up to an MTU barrel contour and is available in black, flat dark earth, and od green. The Remington 700 Pro Chassis would be a great upgrade to an existing gun, or for your next build!

REMINGTON PRO 700 SA CHASSIS ADJUSTABLE MAGPUL PRO 700 FOLDING STOCK SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the Remington Pro 700 SA Chassis Adjustable Magpul Pro 700 Folding Stock. This product is designed to enhance your shooting experience while ensuring your safety. Please read this safety instruction guide carefully to understand how to use this product safely and effectively.

General Safety Guidelines

- Always treat the firearm as if it is loaded.
- Ensure the firearm is pointed in a safe direction at all times.
- Keep your finger off the trigger until you are ready to shoot.
- Be aware of your target and what lies beyond it.
- Use appropriate eye and ear protection when using the firearm.
- Store the chassis and firearm in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the chassis for any signs of wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the chassis is compatible with your Remington 700 action before installation.
- Do not modify the chassis in any way that may compromise its integrity or safety.
- When adjusting the stock length of pull (LOP), ensure that the adjustments are secure and do not shift during use.
- Always use the provided locking knobs and mechanisms to secure adjustments.
- Be mindful of the weight of the chassis (5.4 lbs) and ensure you are physically capable of handling it safely.
- Avoid using the chassis in extreme weather conditions that may affect its performance or safety.
- Ensure that the magazine release mechanism operates smoothly and does not jam during use.

Instructions for Installation and Usage

1. **Unpacking the Chassis:** Carefully remove the chassis from its packaging. Inspect the product for any visible damage or missing components.
2. **Installation:**
 - Follow the manufacturer's instructions to attach the chassis to your Remington 700 action.
 - Ensure that all screws and bolts are tightened securely.
 - If using a boltcutout plate, ensure it is properly installed and secure.
3. **Adjusting the Stock:**
 - To adjust the length of pull (LOP), unlock the adjustment mechanism and slide the stock to the desired length (13.25" to 15.125").
 - Lock the mechanism securely after adjustment.
 - Adjust the butt pad height between .90" and 1.33" as needed.
4. **Cheek Riser Adjustment:**

- Use the 3position cheek riser to adjust for comfort. The settings are +.375", 0", and .375".
- Ensure the cheek riser is locked in place before use.

5. Magazine Loading:

- Use the integrated AICS pattern magazine for loading ammunition.
- Ensure the magazine is properly seated in the chassis before attempting to fire.

6. Safety Checks:

- Prior to use, perform a safety check to ensure that the firearm is unloaded and the chassis is functioning correctly.
- Always check the magazine release and ensure it operates smoothly.

Disposal Instructions

- Dispose of the chassis and any associated materials in accordance with local regulations.
- Do not dispose of the chassis in regular household waste.
- Consider recycling materials where possible to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the use or safety of the Remington Pro 700 SA Chassis Adjustable Magpul Pro 700 Folding Stock, please refer to the manufacturer's website or contact their customer service for assistance.

By following these safety instructions, you can ensure a safe and enjoyable experience with your new Remington Pro 700 SA Chassis Adjustable Magpul Pro 700 Folding Stock. Always prioritize safety and responsible usage.
