## Heat Resistant Suppressor Cover

Being the first product of its kind, the Magpul Suppressor Cover 5.5" is able to stand up to the extreme temperatures caused by extended strings of fire while still protecting the user against burns by keeping internal can temperatures at safe levels and cool-off times short. The Magpul Suppressor Cover is a heat resistant polymer sleeve overlaid onto a raised stainless steel heat shield that directly mounts to the suppressor body with steel clamps. It minimizes heat transfer to keep external cover temperatures up to 1000 degrees F cooler than the surface of the suppressor by allowing high volumes of cooling airflow across the can. The Magpul Suppressor Cover 5.5" is also an enhanced thermal insulator and signature reduction device that mitigates negative visible mirage effects and also reduces external suppressor body impact damage. The Suppressor cover is developed for 1.5" outer diameter round suppressors with body length approximately 5.5", not including the attachment hardware. Extreme temperature protection for body and gear Reduces thermal signature of host firearm High temperature polymer sleeve withstands extremely high suppressor temperatures during extended periods of firing without deterioration Available in black or medium coyote tan The Magpul Suppressor Cover 5.5" is a perfect addition to your range bag for easier handling of your suppressed firearm!

## Attributes

- Name: [SUPPRESSOR COVERS 5.5" BLACK](#)
- Manufacturer: [MAGPUL](#)
- Product no.: 100026953
- Mfr. No.: MAG781-BLK
- Color: Black
- Material: Polymer
- Delivery weight: 0.299kg
- Shipping height: 64mm
- Shipping width: 70mm
- Shipping length: 171mm
- UPC: 840815119456

# Safety Instruction Guide for Magpul Suppressor Cover 5.5" Black

## Introduction

Thank you for choosing the Magpul Suppressor Cover 5.5" Black. This product is designed to enhance the performance and safety of your suppressed firearm. To ensure safe usage and to maximize the benefits of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always handle the suppressor and the suppressor cover with care to avoid burns or injuries.
- Ensure the suppressor is properly installed on the firearm before using the suppressor cover.
- Avoid touching the suppressor and the cover during and immediately after firing, as they may reach extreme temperatures.
- Keep the suppressor cover away from flammable materials to prevent fire hazards.
- Regularly inspect the suppressor cover for signs of wear or damage. Replace if necessary.
- Store the suppressor cover in a cool, dry place when not in use.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- The Magpul Suppressor Cover is designed for use with 1.5" outer diameter round suppressors with a body length of approximately 5.5".
- Ensure that the suppressor cover is securely mounted to the suppressor body using the steel clamps provided.
- Do not use the suppressor cover on any suppressor that exceeds the recommended specifications.
- Be aware that the cover will not prevent the suppressor from getting hot; it merely helps to manage the heat.
- Avoid prolonged exposure to the heat generated by the suppressor, even with the cover in place.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the suppressor is clean and dry before installation.
- Slide the Magpul Suppressor Cover over the suppressor body, ensuring a snug fit.
- Use the steel clamps to secure the cover to the suppressor. Ensure they are tight but do not overtighten to avoid damaging the cover or suppressor.
- Check that the cover is properly aligned and securely attached before use.

### 2. Usage:

- Always wear appropriate protective gear when handling firearms, including gloves and eye protection.
- Fire the weapon as per standard operating procedures, ensuring that you maintain a safe distance from the suppressor.
- After firing, allow the suppressor cover to cool before handling. Use caution as it may still be hot.
- If you notice any signs of damage or deterioration on the suppressor cover, discontinue use immediately and replace it.

## **Disposal Instructions**

- Dispose of the Magpul Suppressor Cover in accordance with local regulations.
- Do not dispose of the cover in regular household waste if it shows signs of damage or contains hazardous materials.
- Contact your local waste management facility for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the Magpul Suppressor Cover 5.5" Black, please consult the manufacturer's contact information provided with your product packaging or visit the official website for support resources.

By following these guidelines, you can ensure the safe and effective use of your Magpul Suppressor Cover 5.5" Black. Thank you for your attention to safety and for choosing our product.
