

10/22™ UNIVERSAL TITAN CHEEK REST - VICTOR COMPANY USA

TITAN CHEEK REST OD GREEN NYLON

[Rifle Parts](#) > [Stock Parts](#) > [Stock Hardware](#) > [Cheek Pieces](#)

Raises the Comfort of Your Ruger Rimfire s Stock to a Higher Level

The Victor Company's Titan Universal Cheekrest was originally designed specifically for their Titan 1022 Precision Rimfire Stock to help you dial in just the right comb height for a proper line of sight with your optic. However, it has been found to be a great fit for a number of stocks that just don't come with enough comb height and leave you wanting. With its two included spacers you can get four levels of height adjustment from 0.33" to 1.13". And with a width of 1.4" the Titan Universal Cheekrest is UNIVERSAL and fits many different stocks. From the Hogue Overmolded stocks, to OEM Savage, Ruger and Winchester stocks plus many more. Everything you need comes with the kit, which includes: Reinforced polymer cheekrest body (.35" tall) Two stackable polymer spacers (each .20" tall) Drill bit #2 Phillips driver bit Two screws Available in Black, FDE, and O.D. Green.

Safety Instruction Guide for the 10/22™ Universal Titan Cheek Rest

Introduction

Thank you for choosing the 10/22™ Universal Titan Cheek Rest from Victor Company USA. This product is designed to enhance your shooting experience by providing adjustable comb height for improved sight alignment. To ensure your safety and the optimal use of this product, please read this safety instruction guide carefully.

General Safety Guidelines

- Always ensure that the firearm is unloaded before installing or adjusting the cheek rest.
- Use the cheek rest only for its intended purpose as described in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the cheek rest for any signs of wear or damage before each use.
- If you notice any defects or issues, discontinue use immediately and consult a professional.

Specific Safety Precautions for Use

- Ensure that the cheek rest is securely attached to the stock before shooting.
- Avoid using excessive force when adjusting the height of the cheek rest.
- Do not exceed the recommended height adjustments to maintain stability and safety.
- Be aware of your surroundings and ensure a safe shooting environment at all times.
- Never modify the cheek rest or use it in a manner not specified by the manufacturer.

Instructions for Installation and Usage

1. Installation

- Gather all components included in the kit: Reinforced polymer cheekrest body (0.35" tall) Two stackable polymer spacers (each 0.20" tall) Drill bit #2 Phillips driver bit Two screws
- Ensure you have the necessary tools for installation, including a drill and screwdriver.
- Identify the appropriate position on your firearm stock for the cheek rest.
- Use the drill bit to create holes for the screws, following the manufacturer's guidelines.
- Attach the cheek rest body to the stock using the screws and driver bit.
- If additional height is needed, insert one or both spacers between the cheek rest and the stock before securing.

2. Usage

- Once installed, adjust the height of the cheek rest using the spacers as needed.
- Ensure that the cheek rest is comfortable and provides a proper line of sight with your optic.
- Regularly check that all screws are tight and that the cheek rest is secure before each use.

Disposal Instructions

- Dispose of the product in accordance with local regulations for plastic and composite materials.
- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer in use, consider recycling options where available.

Contact Information for Further Support

For any inquiries regarding safety concerns, product usage, or installation assistance, please refer to the manufacturer's website or contact their support team directly.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your 10/22™ Universal Titan Cheek Rest. Thank you for your attention to safety.
