Spend More Time Sending Lead Down Range, Less Time Reloading

The 31-round .40 S&W magazine for Glock® from KCI is built to shrug off hard use and maintain reliable feeding, round after round. Constructed with a reinforced polymer outer sleeve and a stainless steel liner for extra support, just like factory mags, KCI's magazine will fit both G22 and G23 pistols. KCI's mag spring is made of tempered chrome silicon steel wire. Like many extended-capacity magazines, it needs to be loaded/unloaded several times with .40 S&W ammo before it will accept its full 31-round capacity. Try loading it to half capacity and leaving overnight to help set up the spring and make it easier to insert a full load later. Polymer body with stainless steel insert tube Baseplate is easy to remove for cleaning Witness holes for instance ammo status checks Accepts magazine accessories that fit factory mags Fits Gen3 & Gen4 Glock® 22 & 23 pistols The KCI 31-round magazine brings compatibility to the table, too: it will fit all Gen3 and Gen4 Glock 22 and 23 pistols with an ambidextrous mag release. And at these prices, you can afford to get a bunch. Double down on your .40 S&W Glock firepower today!

GLOCK 22, 23 31RD MAGAZINE SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the GLOCK 22, 23 31RD MAGAZINE. This guide is designed to provide important safety information and instructions to ensure the safe use of your magazine. Please read this guide carefully before use.

General Safety Guidelines

- Always handle firearms and magazines with care and respect.
- Ensure that your magazine is compatible with your firearm model (GLOCK 22 or GLOCK 23).
- Store magazines and ammunition in a secure place, out of reach of children and unauthorized users.
- Regularly inspect your magazine for wear and damage.
- Do not use the magazine if it is damaged or shows signs of excessive wear.
- Follow all local laws and regulations regarding the use and possession of firearms and ammunition.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before inserting or removing the magazine.
- Load the magazine in a safe environment, away from people and pets.
- Do not exceed the magazine's capacity; overloading can cause malfunctions.
- When loading the magazine, use appropriate .40 S&W ammunition only.
- Be cautious when using extended capacity magazines; they may require additional handling care.
- If experiencing feeding issues, do not force the magazine into the firearm; instead, inspect for obstructions or damage.

Instructions for Installation and Usage

• Installation:

1. Ensure the firearm is pointed in a safe direction and is unloaded.
2. Align the magazine with the magazine well of the firearm.
3. Push the magazine firmly into the magazine well until it clicks into place.

• Usage:

1. Load the magazine by pressing down on the follower and inserting .40 S&W cartridges one by one.
2. For optimal performance, initially load the magazine to half capacity and leave it overnight to help set the spring.
3. After loading, insert the magazine into the firearm as described in the installation section.
4. To remove the magazine, press the magazine release button and pull the magazine out of the magazine well.

Disposal Instructions

- Dispose of the magazine in accordance with local regulations.
- If the magazine is damaged or no longer needed, consider recycling the polymer and metal components separately.
- Do not dispose of magazines in regular household waste.

Contact Information for Further Support

For any safety inquiries or concerns, please refer to your local laws and regulations or contact the appropriate authorities.

Conclusion

By following the guidelines and instructions outlined in this safety instruction guide, you can ensure the safe operation and maintenance of your GLOCK 22, 23 31RD MAGAZINE. Always prioritize safety and compliance with local laws. Thank you for your attention to these important safety considerations.
