## Prevent Ammo Shortages: Extend Your .45 Glock's Capacity

Why should only 9mm Glock® shooters get to double their firepower? KCI's 26-round Glock® 21 magazine gives you twice the number of rounds of .45 ACP as the standard factory mag. OK, it does stick out more from the magwell, but how much can you complain when precious range time is interrupted less often to change mags? Built to the same specs as your OEM mags, KCI 26-nd Glock® 21 magazine is perfect for competition prep, tactical drills, and other fast shooting applications. Polymer and steel construction (same as factory mags) stands up to rough use, while the tempered chrome silicon spring keeps the round stack moving smoothly and reliably above the polymer follower during those long days at the range. 2x the capacity of original full-cap factory mag Factory-style polymer body with stainless steel reinforcing sleeve inside Easy-to-remove baseplate Handy witness holes Accepts magazine accessories that fit factory mags The folks at KCI tell us these Glock 21 magazines might need to be put through several load/unload cycles before they will accept their full 26-round capacity. Try loading a mag to half capacity and leaving overnight to start breaking in the spring and make future loading easier.

## Attributes

- Name: [KCI USA 26RD MAGAZINE 45 AUTO BLACK POLYMER](#)

# Consumer Safety Instruction Guide for KCI 26RD MAGAZINE 45 AUTO FOR GLOCK® 21

## Introduction

Thank you for choosing the KCI 26RD MAGAZINE 45 AUTO FOR GLOCK® 21. This guide provides essential safety instructions and information to ensure safe and effective use of your magazine. Please read this guide carefully before using the product.

## General Safety Guidelines

- Always treat the magazine as if it is loaded.
- Keep the magazine out of reach of children and unauthorized users.
- Use only approved .45 ACP ammunition in this magazine.
- Inspect the magazine for damage before each use. Do not use if damaged.
- Follow all local laws and regulations regarding the use and storage of firearms and ammunition.

## Specific Safety Precautions for Use

- Ensure that the firearm is pointed in a safe direction when loading or unloading the magazine.
- Do not exceed the magazine's capacity of 26 rounds.
- Be aware that the magazine may extend beyond the grip of the firearm. Use caution when carrying or holstering.
- If you experience feeding issues, check for obstructions and ensure the magazine is properly seated in the firearm.
- Avoid exposing the magazine to extreme temperatures, moisture, or corrosive substances.

## Instructions for Installation and Usage

### 1. Loading the Magazine

- Hold the magazine with the feed lips facing upwards.
- Place the first round into the magazine, pressing down until it clicks into place.
- Continue loading rounds one by one until you reach the 26round capacity.
- If the magazine is new, consider loading it to half capacity and leaving it overnight to help break in the spring.

### 2. Inserting the Magazine into the Firearm

- Ensure the firearm is pointed in a safe direction and is on safe mode.
- Align the magazine with the magazine well of the firearm.
- Firmly push the magazine into the well until it clicks into place.

### 3. Removing the Magazine

- Ensure the firearm is pointed in a safe direction.
- Press the magazine release button on the firearm.
- Pull the magazine out of the magazine well.

### 4. Unloading the Magazine

- Remove the magazine from the firearm.
- Point the magazine in a safe direction and press down on the follower to release each round one by

- one.
- Store the magazine in a safe location when not in use.

## **Disposal Instructions**

- Dispose of the magazine in accordance with local regulations.
- If the magazine is damaged beyond repair, it should be disposed of in a way that prevents unauthorized use.

## **Contact Information for Further Support**

For any safety inquiries regarding this product, please contact the manufacturer directly. Ensure you have your product information available for reference.

## **Conclusion**

By following these guidelines and instructions, you can ensure the safe and effective use of the KCI 26RD MAGAZINE 45 AUTO FOR GLOCK® 21. Always prioritize safety and responsible handling of firearms and ammunition. Thank you for your attention to these important safety practices.
