AR15 MILSPEC CARBINE BUFFER ASSEMBLY PACKAGE Safety Instructions

Introduction

Thank you for choosing the LuthAR AR15 MILSPEC Carbine Buffer Assembly Package. This product is designed to enhance the performance of your AR15 rifle. It is essential to follow these safety instructions to ensure the safe use and installation of this product.

General Safety Guidelines

- Always handle firearms and their components with care and respect.
- Ensure that the firearm is unloaded before installation or maintenance.
- Store all firearm components in a secure location, away from children and unauthorized users.
- Regularly inspect the buffer assembly and related components for wear or damage.
- Follow all local laws and regulations regarding the use and modification of firearms.
- Be aware of your surroundings and ensure a safe environment when using firearms.

Specific Safety Precautions for Use

- Ensure that the buffer assembly is compatible with your specific AR15 model.
- Do not attempt to modify or alter the buffer assembly in any way.
- Always wear appropriate safety gear, including eye protection, when handling firearms.
- Be cautious of the potential for accidental discharge when working with firearms.
- If you experience any issues during installation or use, discontinue use immediately and seek assistance.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools for installation, including a wrench and any specified tools for your AR15 model.
- Ensure that your workspace is clean and free of distractions.

2. Installation Steps:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing buffer assembly by following the manufacturer's disassembly instructions.
- Install the LuthAR buffer assembly by aligning it with the buffer tube and sliding it into place.
- Secure the buffer assembly according to your firearm's specifications.

3. PostInstallation Checks:

- After installation, check for proper fit and function by cycling the action of the firearm.
- Perform a function check to ensure that the firearm operates correctly with the new buffer assembly.
- If any irregularities are noted, consult a qualified gunsmith for further evaluation.

Disposal Instructions

- Dispose of any old or damaged components in accordance with local regulations.
- Do not dispose of firearm components in regular household waste.
- Contact local authorities or recycling centers for proper disposal methods.

Conclusion

By following these safety instructions, you can help ensure a safe and effective experience with your LuthAR AR15 MILSPEC Carbine Buffer Assembly Package. Always prioritize safety and compliance with applicable laws when using firearms and their components. Thank you for your attention to these important guidelines.
