The “World’s Finest Trimmer” lets you trim more cases in less time - and with less effort - using your electric drill as a power source. The adjustable cutter rotates and shortens the case until the shoulder contacts the close-fitting stop that is mounted in a bearing to prevent it from rotating and marring the case. Simply pick up a case and push it against the cutter until the excess brass is removed. Once you have the trimmer set up and get a rhythm going, you can easily maintain a pace of 8-10 cases per minute - a joy to use! Durable aluminum and stainless steel construction, with a high-speed steel cutter for years of reliable service. Units only trim cartridge cases to length. They do not chamfer or deburr the case mouth during trimming. These don't come with a dowel.

## General Safety Guidelines

- Always use the trimmer in accordance with the manufacturer's instructions.
- Ensure the trimmer is used in a wellventilated area.
- Keep the work area clean and free of obstructions.
- Use personal protective equipment (PPE) such as safety glasses and gloves.
- Do not allow children or unauthorized persons to operate the trimmer.
- Regularly inspect the trimmer for any signs of wear or damage before use.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Electrical Safety:**
  - Ensure that the electric drill used as a power source is in good working condition and properly grounded.
  - Avoid using the trimmer in wet or damp conditions.
- **Operational Safety:**
  - Always secure the case firmly against the cutter before operation.
  - Do not attempt to trim cases that are not compatible with the trimmer specifications.
  - Avoid wearing loose clothing or jewelry that could become caught in moving parts.
- **Maintenance Safety:**
  - Disconnect the power source before performing any maintenance or adjustments.
  - Use only manufacturerrecommended replacement parts.
  - Do not modify the trimmer in any way.

## Instructions for Installation and Usage

### 1. Setup:

- Choose a stable work surface for the trimmer.
- Secure the trimmer to the work surface if necessary to prevent movement during use.
- Attach the trimmer to a compatible electric drill, ensuring a secure connection.

### 2. Operation:

- Select the appropriate case for trimming (33806 cartridge).
- Position the case against the adjustable cutter.
- Apply gentle pressure until the excess brass is removed, ensuring the shoulder contacts the stop.
- Maintain a rhythm to achieve a pace of 810 cases per minute for efficient operation.

### 3. PostUse:

- Clean the trimmer after each use to remove any brass shavings or debris.
- Store the trimmer in a dry place, away from children and unauthorized users.

## Disposal Instructions

- Dispose of the trimmer and any associated materials in accordance with local regulations.
- Recycle components where possible to minimize environmental impact.
- Do not dispose of the trimmer in regular household waste.

## Contact Information for Further Support

For any safety inquiries or product support, please contact the manufacturer or refer to the product packaging for further instructions.

## Conclusion

By following these safety instructions, you can ensure a safe and effective trimming experience with the LITTLE CROW GUNWORKS Worlds Finest Trimmer. Always prioritize safety and compliance with local regulations while using this product. Thank you for your attention to these important guidelines.
