

LITTLE CROW GUNWORKS WORLDS FINEST TRIMMER - LITTLE CROW GUNWORKS. 6MM MONGOOSE TRIMMER

[Reloading](#) > [Case Preparation](#) > [Case Trimming](#) > [Case Trimmers](#)

The "World's Finest Trimmer" lets you trim more cases in less time - and with less effort - using your electric drill as a power source. The adjustable cutter rotates and shortens the case until the shoulder contacts the close-fitting stop that is mounted in a bearing to prevent it from rotating and marring the case. Simply pick up a case and push it against the cutter until the excess brass is removed. Once you have the trimmer set up and get a rhythm going, you can easily maintain a pace of 8-10 cases per minute - a joy to use! Durable aluminum and stainless steel construction, with a high-speed steel cutter for years of reliable service. Units only trim cartridge cases to length. They do not chamfer or deburr the case mouth during trimming. These don't come with a dowel.

Safety Instruction Guide for LITTLE CROW GUNWORKS WORLD'S FINEST TRIMMER

Introduction

Thank you for choosing the LITTLE CROW GUNWORKS WORLD'S FINEST TRIMMER. This guide provides important safety instructions and usage guidelines to ensure a safe and efficient experience while using the trimmer. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure that the trimmer is used only for its intended purpose: trimming cartridge cases.
- Always operate the trimmer in a wellventilated area to avoid inhaling any dust or debris.
- Keep the trimmer out of reach of children and vulnerable individuals.
- Regularly inspect the trimmer for signs of wear or damage before use.
- Do not use the trimmer if it is damaged or malfunctioning.
- Follow all manufacturer instructions regarding setup and operation.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when operating the trimmer.
- Ensure that the electric drill used as a power source is compatible and in good working condition.
- Avoid wearing loose clothing or jewelry that may get caught in moving parts.
- Keep hands and other body parts clear of the cutter when operating the trimmer.
- Do not attempt to modify or alter the trimmer in any way.
- Ensure that the trimmer is securely mounted before use to prevent movement during operation.
- Be cautious when handling trimmed cases, as sharp edges may remain.

Instructions for Installation and Usage

1. Setup

- Securely mount the trimmer to a stable work surface.
- Attach the adjustable cutter according to the manufacturer's instructions.
- Connect the trimmer to an electric drill following the guidelines provided in the product manual.

2. Operation

- Select a cartridge case to be trimmed.
- Position the case against the cutter and apply gentle pressure until the excess brass is removed.
- Maintain a steady rhythm to achieve a pace of 810 cases per minute.
- After trimming, inspect the case for any sharp edges and remove them if necessary.

3. PostOperation

- Unplug the electric drill and disassemble the trimmer for cleaning.
- Store the trimmer in a dry, safe place away from children and pets.

Disposal Instructions

- Dispose of any waste material, such as trimmed brass, in accordance with local regulations.
- If the trimmer becomes damaged beyond repair, dispose of it responsibly by following local electronic waste disposal guidelines.
