

WFT 2 TRIMMER - LITTLE CROW GUNWORKS. 22 K HORNET TRIM CHAMBER

[Reloading](#) > [Case Preparation](#) > [Case Trimming](#) > [Case Trimmers](#)

The WFT 2 is the next generation of WFT trimmers. The two main improvements are the ability to trim up to 45 caliber and interchange trim chambers. The WFT 2 has a half inch shaft and requires a half inch chuck to drive it. The feature most customers asked for was the ability to interchange trim chambers. Instead of press fitting the trim chambers, like the original WFT, the trim chambers on the WFT 2 are a slight slip fit in bearing with a groove cut for an O-ring which creates a press fit. Changing out trim chambers is accomplished by removing the cutter and pushing out the trim chamber with the knock-out dowel that is provided. Installing the trim chamber is accomplished by setting the trim chamber on a flat surface and steadily pushing the housing onto the trim chamber. Setting the cutter depth is easily adjusted by placing a "master case" in the trim chamber and sliding the cutter up to the case mouth and tightening down the set screws. Trimming is just as precise and clean as with our original trimmer. The trim chamber selection on the WFT 2 is by specific cartridge, but still trims by case family-just order the largest chamber in the family that you intend to trim. This unit and its inserts do not chamfer or deburr the case mouth of the cartridge case as it is trimmed. If you can't find the cartridge you need, please contact our Special Order Department at 800-741-0015

Attributes

- Name: [LITTLE CROW GUNWORKS. 22 K HORNET TRIM CHAMBER](#)
- Manufacturer: [LITTLE CROW GUNWORKS.](#)
- Product no.: 100028175
- Mfr. No.: LCG-WFT2-22 K HORNET
- Cartridge: 22K Hornet
- Delivery weight: 0.018kg
- Shipping height: 25mm
- Shipping width: 51mm
- Shipping length: 102mm

WFT 2 Trimmer Little Crow Gunworks: Safety Instruction Guide

Introduction

Thank you for choosing the WFT 2 Trimmer from Little Crow Gunworks. This guide provides important safety information and instructions to ensure the safe and effective use of your trimmer. Please read this guide carefully before using the product.

General Safety Guidelines

- Always use the trimmer in accordance with the instructions provided in this manual.
- Keep the trimmer out of reach of children and vulnerable individuals.
- Ensure that the trimmer is used only by individuals who understand its operation and safety measures.
- Regularly inspect the trimmer for any signs of damage or wear before use.
- Do not use the trimmer if it is damaged or malfunctioning.
- Use appropriate personal protective equipment, including safety glasses and gloves, when operating the trimmer.
- Ensure that the work area is clean and free of clutter to prevent accidents.
- Be aware of your surroundings and ensure that no one else is in the immediate area while using the trimmer.

Specific Safety Precautions for Use

- Only use the trimmer with a halfinch chuck.
- Do not attempt to modify the trimmer or use it for any purpose other than trimming cartridge cases.
- Ensure that the trim chamber is securely installed before operation.
- Do not attempt to change the trim chamber while the trimmer is in operation.
- Always turn off and unplug the trimmer before performing maintenance or changing the trim chamber.
- Use the provided knockout dowel for removing trim chambers to prevent injury.
- Adjust the cutter depth carefully and ensure it is secured before trimming.
- Avoid wearing loose clothing or jewelry that could become entangled in the trimmer.

Instructions for Installation and Usage

1. Installation of Trim Chamber:

- Place the trim chamber on a flat surface.
- Align the housing of the trimmer over the trim chamber.
- Steadily push the housing onto the trim chamber until it is securely fitted.

2. Adjusting Cutter Depth:

- Insert a “master case” into the trim chamber.
- Slide the cutter up to the case mouth.
- Tighten the set screws to secure the cutter in place.

3. Trimming Procedure:

- Ensure the trimmer is properly set up and the trim chamber is securely in place.
- Power on the trimmer using the halfinch chuck.
- Carefully insert the cartridge case into the trim chamber.
- Allow the trimmer to operate until the case is trimmed to the desired length.

- Turn off and unplug the trimmer after use.

4. Changing Trim Chambers:

- Turn off and unplug the trimmer.
- Remove the cutter by loosening the set screws.
- Use the knockout dowel to push out the trim chamber.
- Follow the installation instructions to fit a new trim chamber.

Disposal Instructions

- Dispose of the trimmer and any components in accordance with local regulations.
- Do not dispose of the trimmer in household waste.
- Consider recycling options for the trimmer and its components wherever possible.

Contact Information for Further Support
