

WFT 2 TRIMMER - LITTLE CROW GUNWORKS. 220 RUSSIAN TRIM CHAMBER

[Reloading](#) > [Case Preparation](#) > [Case Trimming](#) > [Case Trimmers](#)

The WFT 2 is the next generation of WFT trimmers. The two main improvements are the ability to trim up to 45 caliber and interchange trim chambers. The WFT 2 has a half inch shaft and requires a half inch chuck to drive it. The feature most customers asked for was the ability to interchange trim chambers. Instead of press fitting the trim chambers, like the original WFT, the trim chambers on the WFT 2 are a slight slip fit in bearing with a groove cut for an O-ring which creates a press fit. Changing out trim chambers is accomplished by removing the cutter and pushing out the trim chamber with the knock-out dowel that is provided. Installing the trim chamber is accomplished by setting the trim chamber on a flat surface and steadily pushing the housing onto the trim chamber. Setting the cutter depth is easily adjusted by placing a "master case" in the trim chamber and sliding the cutter up to the case mouth and tightening down the set screws. Trimming is just as precise and clean as with our original trimmer. The trim chamber selection on the WFT 2 is by specific cartridge, but still trims by case family-just order the largest chamber in the family that you intend to trim. This unit and its inserts do not chamfer or deburr the case mouth of the cartridge case as it is trimmed. If you can't find the cartridge you need, please contact our Special Order Department at 800-741-0015

Attributes

- Name: [LITTLE CROW GUNWORKS. 220 RUSSIAN TRIM CHAMBER](#)
- Manufacturer: [LITTLE CROW GUNWORKS.](#)
- Product no.: 100028179
- Mfr. No.: LCG-WFT2-220 RUSSIAN
- Cartridge: 220 Russian
- Delivery weight: 0.018kg
- Shipping height: 25mm
- Shipping width: 51mm
- Shipping length: 102mm

WFT 2 Trimmer Little Crow Gunworks Safety Instructions

Introduction

Thank you for choosing the WFT 2 Trimmer from Little Crow Gunworks. This guide provides essential safety instructions to ensure the safe and effective use of your trimmer. Please read and follow these guidelines carefully to prevent accidents and ensure optimal performance.

General Safety Guidelines

- Always use the WFT 2 Trimmer in accordance with the manufacturer's instructions.
- Ensure that the trimmer is used in a wellventilated area, away from flammable materials.
- Keep the trimmer and its components out of reach of children and vulnerable individuals.
- Regularly inspect the trimmer for any signs of wear or damage before each use.
- Do not use the trimmer if any components are damaged or malfunctioning.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the trimmer.
- Ensure that the trimmer is securely mounted in a stable work area before operation.
- Do not attempt to trim cases that are not compatible with the WFT 2 Trimmer.
- Be cautious when changing trim chambers; ensure that the trimmer is powered off and unplugged.
- Avoid contact with moving parts during operation to prevent injury.
- Do not force the cutter; if it does not move smoothly, stop and inspect for obstructions.

Instructions for Installation and Usage

1. Installation of Trim Chamber

- Place the trimmer on a flat, stable surface.
- Remove the cutter by following the manufacturer's instructions.
- Insert the desired trim chamber into the housing, ensuring it is aligned correctly.
- Use the provided knockout dowel to push the trim chamber into place until it is securely fitted.
- Reinstall the cutter, ensuring it is tightened properly.

2. Setting Cutter Depth

- Insert a "master case" into the trim chamber.
- Slide the cutter up to the case mouth.
- Tighten the set screws to secure the cutter at the desired depth.

3. Trimming Process

- Power on the trimmer and allow it to reach operational speed.
- Carefully feed the case into the trimmer, ensuring it is guided straight.
- Monitor the trimming process to ensure precision and cleanliness.

4. PostUse Care

- Turn off and unplug the trimmer after use.

- Clean the trimmer and its components to prevent buildup of debris.
- Store the trimmer in a safe, dry location away from children.

Disposal Instructions

- Dispose of the trimmer and its components in accordance with local regulations.
- Do not dispose of electrical components in regular household waste.
- Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For further assistance, please refer to the manufacturer's website or contact their customer support for any inquiries regarding the WFT 2 Trimmer.

By following these safety instructions, you can ensure a safe and efficient experience with your WFT 2 Trimmer. Always prioritize safety and proper usage to enjoy the full benefits of your product.
