

# **WFT 2 TRIMMER - LITTLE CROW GUNWORKS. 300 NORMA MAGNUM TRIM CHAMBER**

[Reloading](#) > [Case Preparation](#) > [Case Trimming](#) > [Case Trimmers](#)

The WFT 2 is the next generation of WFT trimmers. The two main improvements are the ability to trim up to 45 caliber and interchange trim chambers. The WFT 2 has a half inch shaft and requires a half inch chuck to drive it. The feature most customers asked for was the ability to interchange trim chambers. Instead of press fitting the trim chambers, like the original WFT, the trim chambers on the WFT 2 are a slight slip fit in bearing with a groove cut for an O-ring which creates a press fit. Changing out trim chambers is accomplished by removing the cutter and pushing out the trim chamber with the knock-out dowel that is provided. Installing the trim chamber is accomplished by setting the trim chamber on a flat surface and steadily pushing the housing onto the trim chamber. Setting the cutter depth is easily adjusted by placing a "master case" in the trim chamber and sliding the cutter up to the case mouth and tightening down the set screws. Trimming is just as precise and clean as with our original trimmer. The trim chamber selection on the WFT 2 is by specific cartridge, but still trims by case family-just order the largest chamber in the family that you intend to trim. This unit and its inserts do not chamfer or deburr the case mouth of the cartridge case as it is trimmed. If you can't find the cartridge you need, please contact our Special Order Department at 800-741-0015

## **Attributes**

- Name: [LITTLE CROW GUNWORKS. 300 NORMA MAGNUM TRIM CHAMBER](#)
- Manufacturer: [LITTLE CROW GUNWORKS.](#)
- Product no.: 100028201
- Mfr. No.: LCG-WFT2-300 NORMA MAG
- Cartridge: 300 Norma Magnum
- Delivery weight: 0.018kg
- Shipping height: 25mm
- Shipping width: 51mm
- Shipping length: 102mm

# WFT 2 Trimmer Safety Instruction Guide

## Introduction

Thank you for choosing the WFT 2 Trimmer by Little Crow Gunworks. This guide provides important safety instructions and usage guidelines to ensure the safe and effective operation of the trimmer. Please read this guide thoroughly before using the product.

## General Safety Guidelines

- Always follow the safety guidelines outlined in this manual to minimize risks.
- Ensure that the trimmer is used only for its intended purpose.
- Keep the trimmer out of reach of children and vulnerable individuals.
- Regularly inspect the trimmer for any signs of wear or damage before use.
- If the trimmer malfunctions or is damaged, discontinue use immediately and contact customer support.
- Always wear appropriate protective gear, such as safety goggles and gloves, when operating the trimmer.

## Specific Safety Precautions for Use

- Ensure that the trimmer is securely attached to a compatible halfinch chuck before use.
- Do not attempt to modify the trimmer or its components.
- Use only the recommended trim chambers for the WFT 2 Trimmer to avoid hazards.
- Do not exceed the trimming capacity of the trimmer (up to 45 caliber).
- Avoid placing hands or fingers near the cutter while operating the trimmer.
- Always operate the trimmer on a stable, flat surface to prevent accidents.
- Be cautious when changing trim chambers; ensure the cutter is removed and the trimmer is powered off before making any adjustments.

## Instructions for Installation and Usage

### Installation

1. Ensure the trimmer is disconnected from any power source.
2. Attach the trimmer to a compatible halfinch chuck securely.
3. Select the appropriate trim chamber for your cartridge.
4. Place the trim chamber on a flat surface.
5. With the housing, push it steadily onto the trim chamber until it fits securely.
6. Reinstall the cutter by following the manufacturer's instructions.

### Usage

1. Before trimming, set the cutter depth:
  - Place a "master case" in the trim chamber.
  - Slide the cutter up to the case mouth.
  - Tighten the set screws to lock the cutter in place.
2. Power on the trimmer and begin trimming by feeding the case into the trim chamber.
3. Monitor the trimming process to ensure precision and cleanliness.
4. After trimming, remove the trimmed case and inspect it for any imperfections.

## Disposal Instructions

- Dispose of any packaging materials responsibly and in accordance with local regulations.
- If the trimmer or its components become damaged beyond repair, dispose of them in a manner that

- adheres to local electronic waste disposal guidelines.
- Do not throw the product in regular household waste.

## Contact Information for Further Support

For any inquiries or support regarding the WFT 2 Trimmer, please reach out to our customer service team. They can assist you with any questions related to safety, usage, or product issues.

**Note:** This guide is intended to enhance your safety and experience with the WFT 2 Trimmer. Always prioritize safety and follow the guidelines provided.
