

LITTLE CROW GUNWORKS "BIG BOY" TRIMMER - LITTLE CROW GUNWORKS. 404 JEFFERY BIG BOY TRIM CHAMBER

[Reloading](#) > [Case Preparation](#) > [Case Trimming](#) > [Case Trimmers](#)

The World's Finest Trimmer's big brother is designed for the really big cartridges, up to 50 BMG. Same top-quality, precision components, but beefed up for harder work. It requires a drill with a 1/2" chuck and it's set up a little differently from the WFT. One heavy-duty trimmer body accepts any one of the interchangeable trim chambers, so you buy the body once, then the trim chamber for the cartridge(s) you're working with.

General Safety Guidelines

- Ensure that the trimmer is used only for its intended purpose, which is trimming cases for large cartridges, up to 50 BMG.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the trimmer.
- Keep the work area clean and welllit to avoid accidents.
- Ensure that all tools and accessories are in good condition before use.
- Do not use the trimmer if you are tired or under the influence of drugs or alcohol.
- Be aware of your surroundings and keep bystanders, especially children, at a safe distance while operating the trimmer.
- Follow all local regulations and guidelines regarding the use of firearms and ammunition components.

Specific Safety Precautions for Use

- **Hazardous Materials:** Handle cartridges and ammunition components with care to avoid accidental discharge or injury.
- **Drill Compatibility:** Ensure that your drill has a $\frac{1}{2}$ " chuck and is compatible with the trimmer before use.
- **Interchangeable Trim Chambers:** Always ensure that the correct trim chamber is installed for the cartridge you are working with. Improper use could lead to equipment failure or personal injury.
- **HeavyDuty Trimmer Body:** The trimmer body is designed for heavyduty use; do not exceed the manufacturer's recommended limits.
- **Maintenance:** Regularly inspect the trimmer for wear and tear. Replace any damaged components immediately to avoid accidents.
- **Emergency Procedures:** Familiarize yourself with emergency procedures in case of an accident, including how to shut off the drill quickly.

Instructions for Installation and Usage

1. Setup:

- Ensure that you have a compatible drill with a $\frac{1}{2}$ " chuck.
- Choose the appropriate trim chamber for the cartridge you will be using.
- Install the trim chamber into the trimmer body securely.

2. Trimming Process:

- Insert the cartridge case into the trim chamber.
- Secure the trimmer in a stable position to prevent movement during operation.
- Start your drill at a low speed to ensure proper alignment of the case with the trimmer.
- Gradually increase the speed as needed, ensuring that you maintain control over the trimmer.
- After trimming, carefully remove the cartridge case from the trim chamber.

3. PostUse Care:

- Clean the trimmer and trim chamber after each use to remove debris and prevent corrosion.
- Store the trimmer in a dry place, away from direct sunlight and moisture.

Disposal Instructions

- Dispose of any unused or damaged cartridges and trimmer components in accordance with local regulations.
- Do not dispose of cartridges or ammunition components in regular household waste.
- Contact local authorities for guidance on the safe disposal of hazardous materials.
