

PISTOL VIPER BORESNAKE WITH DEN - HOPPE'S 9MM/38 CALIBER BORESNAKE WITH DEN

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Snakes](#)

All-In-One, Pull-Through Cleaning System

The Pistol Viper Bore Snake is a braided nylon, pull-through cleaning cord that scrubs, cleans, and lubricates in a single step. The Pistol Viper is just like the original Bore Snake, with 50% more scrubbing surface for those extra-tough cleaning jobs. Calibers: .22, .30, .32, 9mm, .357, .380, .38, .40, .41, .44, .45. Simply apply bore cleaner to the front of the cord, oil to the end, drop the weighted end down the bore, and pull through. The cone-shaped, nylon bore guide on the lead end protects your gun's rifling. Extra, built-in bronze brushes and braided cord clean and oil the bore in a few passes. Washable and reusable with "den" case for storage.

Pistol Viper Bore Snake Safety Instructions

Introduction

Thank you for choosing the Pistol Viper Bore Snake with Den Hoppes 9mm/38 Caliber Bore Snake. This product is designed to help you clean and maintain your firearm safely and effectively. Please read this safety instruction guide carefully to ensure proper use and to minimize any risks associated with the product.

General Safety Guidelines

- Always handle firearms with care and follow all safety protocols.
- Ensure that the firearm is unloaded before using the Bore Snake.
- Keep the Bore Snake and all cleaning supplies out of reach of children and vulnerable individuals.
- Regularly inspect the Bore Snake for any damage or wear before use.
- If the Bore Snake appears damaged, do not use it and replace it immediately.
- Be aware of your surroundings and ensure that you are in a safe environment while cleaning your firearm.

Specific Safety Precautions for Use

- Use the Bore Snake only for the calibers specified: .22, .30, .32, 9mm, .357, .380, .38, .40, .41, .44, .45.
- Do not use the Bore Snake on firearms that are not compatible with the specified calibers.
- Apply bore cleaner and oil only as directed; avoid oversaturating the Bore Snake.
- Always pull the Bore Snake through the bore in the direction of the bullet's travel.
- Do not force the Bore Snake through the barrel; if resistance is felt, stop and check for any obstructions.
- Ensure that the weighted end of the Bore Snake is securely attached before use.
- Store the Bore Snake in its "den" case when not in use to protect it from dirt and damage.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is completely unloaded and pointed in a safe direction.
- Gather your cleaning supplies, including the Bore Snake, bore cleaner, and oil.

2. Applying Cleaner:

- Apply a small amount of bore cleaner to the front of the Bore Snake.
- Apply a few drops of oil to the weighted end of the Bore Snake.

3. Using the Bore Snake:

- Drop the weighted end of the Bore Snake down the bore of the firearm.
- Pull the Bore Snake through the bore in one smooth motion.
- Repeat the process if necessary, depending on the level of fouling in the bore.

4. PostCleaning:

- After cleaning, inspect the Bore Snake for any signs of wear or damage.
- Store the Bore Snake in its "den" case to keep it clean and protected.

Disposal Instructions

- Dispose of any used cleaning supplies according to local regulations.

- If the Bore Snake is damaged beyond repair, dispose of it in accordance with local waste disposal guidelines.
- Do not dispose of the Bore Snake or any cleaning materials in a manner that could harm the environment.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the use of the Pistol Viper Bore Snake, please refer to the relevant EU contact point or your local authority.

Conclusion

By following these safety instructions, you can ensure the safe and effective use of the Pistol Viper Bore Snake. Always prioritize safety when cleaning and maintaining your firearm. Thank you for your attention to these guidelines.
