

PISTOL VIPER BORESNAKE WITH DEN - HOPPES 40-41 CALIBER BORESNAKE WITH DEN

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Snakes](#)

All-In-One, Pull-Through Cleaning System

The Pistol Viper Bore Snake is a braided nylon, pull-through cleaning cord that scrubs, cleans, and lubricates in a single step. The Pistol Viper is just like the original Bore Snake, with 50% more scrubbing surface for those extra-tough cleaning jobs. Calibers: .22, .30, .32, 9mm, .357, .380, .38, .40, .41, .44, .45. Simply apply bore cleaner to the front of the cord, oil to the end, drop the weighted end down the bore, and pull through. The cone-shaped, nylon bore guide on the lead end protects your gun's rifling. Extra, built-in bronze brushes and braided cord clean and oil the bore in a few passes. Washable and reusable with "den" case for storage.

Pistol Viper Bore Snake Safety Instructions

Introduction

Thank you for choosing the Pistol Viper Bore Snake with Den Hoppes for your firearm cleaning needs. This product is designed to provide effective cleaning and lubrication for various calibers. Please read this safety instruction guide carefully to ensure safe and proper use of the Bore Snake.

General Safety Guidelines

- Always handle firearms responsibly and with care.
- Ensure that the firearm is unloaded before using the Bore Snake.
- Store the Bore Snake out of reach of children and vulnerable individuals.
- Regularly inspect the Bore Snake for wear and damage before each use.
- If the Bore Snake shows signs of wear, do not use it and replace it immediately.
- Follow all local laws and regulations regarding firearm cleaning and maintenance.

Specific Safety Precautions for Use

- Use the Bore Snake only for the specified calibers: .22, .30, .32, 9mm, .357, .380, .38, .40, .41, .44, .45.
- Apply bore cleaner only to the front of the cord and oil only to the weighted end.
- Do not force the Bore Snake through the bore; if resistance is felt, stop and check for obstructions.
- Ensure the coneshaped nylon bore guide is properly positioned to protect the gun's rifling.
- Avoid using the Bore Snake in a manner not intended by the manufacturer.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary cleaning supplies, including bore cleaner and oil.

2. Applying Cleaner:

- Apply bore cleaner to the front of the Bore Snake cord.

3. Inserting the Bore Snake:

- Drop the weighted end of the Bore Snake down the bore of the firearm.

4. Pulling Through:

- Gently pull the Bore Snake through the bore until it is completely out the other end.
- Repeat the process as necessary, ensuring the Bore Snake is clean after use.

5. Cleaning and Maintenance:

- After use, wash the Bore Snake according to the manufacturer's instructions.
- Store the Bore Snake in the provided "den" case to protect it from damage and contamination.

Disposal Instructions

- Dispose of the Bore Snake responsibly if it becomes worn or damaged beyond use.
- Follow local regulations for the disposal of textile materials.
- Do not dispose of the Bore Snake in regular household waste if it can be recycled.

Contact Information for Further Support

For questions or concerns regarding the Pistol Viper Bore Snake, please refer to the manufacturer's website or contact their support team directly. Ensure that you have the product details handy for efficient assistance.

Conclusion

By following these safety instructions, you can ensure a safe and effective cleaning experience with your Pistol Viper Bore Snake. Regular maintenance and proper handling will enhance the longevity of your cleaning tool and the performance of your firearm. Thank you for prioritizing safety.
