

# SHOTGUN VIPER BORESNAKE WITH DEN - HOPPE'S 410 GAUGE VIPER BORESNAKE WITH DEN

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Snakes](#)

## Scrubs, Cleans and Lubricates in a Single Step

The Shotgun Viper Bore Snake is a braided nylon, pull-through cleaning cord that scrubs, cleans, and lubricates in a single step. The Shotgun Viper is just like the original Bore Snake, with 50% more scrubbing surface for those extra-tough cleaning jobs. Calibers: .410, .20-ga, .12-ga Simply apply bore cleaner to the front of the cord, oil to the end, drop the weighted end down the bore, and pull through. The cone-shaped, nylon bore guide on the lead end protects your gun's rifling. Extra, built-in bronze brushes and braided cord clean and oil the bore in a few passes. Washable and reusable with "den" case for storage.

# Safety Instruction Guide for SHOTGUN VIPER BORESNAKE WITH DEN HOPPES 410 GAUGE

## Introduction

Thank you for choosing the Shotgun Viper Bore Snake with Den Hoppes 410 Gauge. This product is designed to provide efficient cleaning for your shotgun while ensuring safety during use. This guide outlines essential safety instructions and precautions to enhance your experience and ensure compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always read the instructions before using the product.
- Use the product only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product before each use to ensure it is in good condition.
- Do not use the product if it appears damaged or worn.
- Report any unsafe product conditions to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure the firearm is unloaded before using the bore snake.
- Avoid using the bore snake in a confined space or near flammable materials.
- Do not pull the bore snake through the barrel with excessive force.
- Use only approved bore cleaner and lubricant as specified in the instructions.
- Wear safety glasses to protect your eyes from potential debris or cleaning solution.
- Store the bore snake in its case when not in use to prevent damage.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your shotgun is completely unloaded.
- Gather necessary items: bore cleaner, lubricant, and the Shotgun Viper Bore Snake.

### 2. Applying Cleaner:

- Apply bore cleaner to the front of the bore snake cord.
- Apply a small amount of oil to the end of the cord.

### 3. Using the Bore Snake:

- Drop the weighted end of the bore snake down the shotgun barrel.
- Grasp the pull cord and gently pull the bore snake through the barrel.
- Repeat the process as necessary to achieve desired cleanliness.

### 4. PostUse Care:

- After cleaning, inspect the bore snake for any signs of wear or damage.
- Wash the bore snake according to the manufacturer's instructions to ensure it remains reusable.
- Store the bore snake in the provided den case to protect it from environmental factors.

## **Disposal Instructions**

- Dispose of any used cleaning chemicals in accordance with local regulations.
- If the bore snake is no longer usable, check local guidelines for disposal of textiles and synthetic materials.
- Do not dispose of in regular household waste if it contains hazardous materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the Shotgun Viper Bore Snake, please refer to the manufacturer's contact information provided on the packaging or product insert.

By following these safety instructions, you ensure not only your safety but also the longevity and effectiveness of your Shotgun Viper Bore Snake. Always prioritize safety and proper usage to enhance your cleaning experience.
