

# SHOTGUN VIPER BORESNAKE WITH DEN - HOPPE'S 20 GAUGE VIPER BORESNAKE WITH DEN

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Snakes](#)

## Scrubs, Cleans and Lubricates in a Single Step

The Shotgun Viper Bore Snake is a braided nylon, pull-through cleaning cord that scrubs, cleans, and lubricates in a single step. The Shotgun Viper is just like the original Bore Snake, with 50% more scrubbing surface for those extra-tough cleaning jobs. Calibers: .410, .20-ga, .12-ga Simply apply bore cleaner to the front of the cord, oil to the end, drop the weighted end down the bore, and pull through. The cone-shaped, nylon bore guide on the lead end protects your gun's rifling. Extra, built-in bronze brushes and braided cord clean and oil the bore in a few passes. Washable and reusable with "den" case for storage.

# Safety Instruction Guide for SHOTGUN VIPER BORESNAKE WITH DEN HOPPES 20 GAUGE

## Introduction

Thank you for purchasing the Shotgun Viper Bore Snake with Den Hoppes. This product is designed to clean and maintain your shotgun efficiently. To ensure safe usage and optimal performance, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always use this product in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product before each use to ensure it is in good condition.
- Do not use the Bore Snake if it is damaged or shows signs of wear.
- Store the Bore Snake in a safe, dry place when not in use.
- Be aware of your surroundings while using the Bore Snake to avoid accidents.

## Specific Safety Precautions for Use

- Use only with firearms that are compatible with the specified calibers (.410, .20ga, .12ga).
- Always ensure the shotgun is unloaded before using the Bore Snake.
- Avoid contact with the cleaning solution and lubricants; follow the manufacturer's safety guidelines for these substances.
- Do not pull the Bore Snake through the barrel with excessive force, as this may cause damage.
- Use the Bore Snake in a wellventilated area to avoid inhaling fumes from cleaning products.
- Be cautious when handling the weighted end of the Bore Snake to prevent injury.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your shotgun is unloaded and pointed in a safe direction.
- Gather your cleaning supplies, including bore cleaner and lubricating oil.

### 2. Applying Cleaning Solution:

- Apply a small amount of bore cleaner to the front of the Bore Snake cord.
- Apply a few drops of lubricating oil to the weighted end of the cord.

### 3. Using the Bore Snake:

- Drop the weighted end of the Bore Snake down the shotgun bore.
- Pull the Bore Snake through the bore in a smooth motion.
- Repeat the process as necessary for optimal cleaning.

### 4. Cleaning:

- After use, rinse the Bore Snake with water and allow it to dry completely.
- Store the Bore Snake in the provided "den" case to protect it from damage.

## **Disposal Instructions**

- Dispose of any used cleaning solutions and lubricants in accordance with local regulations.
- If the Bore Snake is no longer usable, discard it in a responsible manner, ensuring it does not pose a hazard to the environment.

## **Contact Information for Further Support**

For any inquiries regarding safety or product usage, please reach out to the EUbased contact point provided by the manufacturer.

By following these guidelines, you can ensure the safe and effective use of the Shotgun Viper Bore Snake with Den Hoppes. Always prioritize safety and maintenance to enjoy your shotgun responsibly.
