

# RIFLE BORESNAKE WITH DEN - HOPPES 22 CALIBER RIFLE BORESNAKE WITH DEN

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Snakes](#)

## Fast and Efficient Pull-Through Cleaning

The Rifle Bore Snake scrubs and cleans the bore of your rifle in a single step. The built in, bench-quality phosphor bronze brush and braided floss scrub, clean and oil the bore in just minutes. Apply a few drops of bore cleaner to the front of the cord and oil to the end. Drop cord into the bore and pull through five times. The Rifle Bore Snake is washable and reusable and the lightweight design folds neatly away in new "den" carrying case for easy storage.

# Safety Instruction Guide for Rifle Boresnake with Den Hoppes 22 Caliber

## Introduction

Congratulations on your purchase of the Rifle Boresnake with Den Hoppes 22 Caliber. This product is designed to effectively clean the bore of your rifle in a simple and efficient manner. Please read this safety instruction guide carefully to ensure safe and proper use of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always use the Rifle Boresnake in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals to avoid accidental use.
- Regularly inspect the Boresnake for any signs of wear or damage before each use.
- If you notice any damage, discontinue use immediately and replace the product.
- Ensure that the area around you is clear of obstructions and flammable materials while using the Boresnake.
- Do not use the Boresnake on firearms that are loaded or have ammunition present.

## Specific Safety Precautions for Use

- Always ensure that the rifle is unloaded before using the Boresnake.
- Use only the recommended bore cleaner and oil for best results and to avoid potential damage.
- Do not apply excessive force when pulling the Boresnake through the bore; this could cause damage to both the Boresnake and the rifle.
- Avoid using the Boresnake in wet conditions or environments that may introduce moisture into the rifle bore.
- Be cautious of the phosphor bronze brush; while effective for cleaning, it can be abrasive if used improperly.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure that your rifle is completely unloaded and safe to handle.
- Gather your bore cleaner and oil, and have the Boresnake ready for use.

### 2. Applying Cleaner

- Apply a few drops of bore cleaner to the front of the Boresnake cord.
- Apply a small amount of oil to the end of the Boresnake.

### 3. Using the Boresnake

- Insert the Boresnake into the rifle bore from the chamber end.
- Pull the Boresnake through the bore gently and steadily.
- Repeat the process a total of five times to ensure thorough cleaning.

### 4. After Use

- Remove the Boresnake from the rifle bore.
- Clean the Boresnake according to the manufacturer's instructions to ensure it remains in good

- condition for future use.
- Store the Boresnake in the provided "den" carrying case for protection and easy storage.

## Disposal Instructions

- Dispose of the Boresnake responsibly at the end of its life cycle.
- Do not dispose of the product in household waste. Instead, follow local regulations for the disposal of textile and metal materials.
- If the Boresnake is damaged beyond repair, consider recycling the components where possible.

## Contact Information for Further Support

For any inquiries regarding safety or usage of the Rifle Boresnake, please refer to the product packaging for an EUbased contact point.

## Conclusion

By following these safety instructions, you can ensure a safe and effective cleaning process for your rifle using the Rifle Boresnake with Den Hoppe's 22 Caliber. Always prioritize safety and maintenance to prolong the life of your cleaning tool and your firearm. Thank you for choosing our product.
