

RIFLE BORE SNAKE WITH DEN - HOPPE'S 270-7MM RIFLE BORE SNAKE WITH DEN

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Snakes](#)

Fast and Efficient Pull-Through Cleaning

The Rifle Bore Snake scrubs and cleans the bore of your rifle in a single step. The built in, bench-quality phosphor bronze brush and braided floss scrub, clean and oil the bore in just minutes. Apply a few drops of bore cleaner to the front of the cord and oil to the end. Drop cord into the bore and pull through five times. The Rifle Bore Snake is washable and reusable and the lightweight design folds neatly away in new "den" carrying case for easy storage.

Safety Instruction Guide for Rifle Bore Snake with Den Hoppes 2707mm

Introduction

Thank you for choosing the Rifle Bore Snake with Den Hoppes 2707mm. This product is designed to effectively clean the bore of your rifle in a single step. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always use the Rifle Bore Snake in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the bore snake for any signs of wear or damage before each use.
- Do not use the bore snake if it is damaged or shows signs of excessive wear.
- Ensure that the cleaning area is wellventilated when using bore cleaners or oils.
- Store the bore snake in a cool, dry place to prevent deterioration.

Specific Safety Precautions for Use

- Wear protective eyewear when using bore cleaners to avoid eye irritation.
- Avoid inhalation of fumes from bore cleaners; use in a wellventilated area.
- Do not ingest any cleaning products; keep them away from food and drink.
- Handle all cleaning products with care, following the manufacturer's safety instructions.
- Ensure that the rifle is unloaded before using the bore snake for cleaning.
- Be cautious of sharp edges and components when handling the rifle and cleaning tools.

Instructions for Installation and Usage

1. Preparation:

- Ensure the rifle is completely unloaded.
- Gather necessary supplies: bore cleaner, oil, and the Rifle Bore Snake.

2. Application:

- Apply a few drops of bore cleaner to the front of the cord.
- Apply oil to the end of the cord.

3. Cleaning Process:

- Insert the front of the bore snake into the rifle's bore.
- Pull the cord through the bore five times to effectively scrub and clean.

4. PostCleaning:

- After use, wash the bore snake according to the manufacturer's instructions to maintain cleanliness.
- Store the bore snake in the provided "den" carrying case for easy storage.

Disposal Instructions

- Dispose of any used bore cleaner and oil according to local regulations for hazardous materials.

- If the bore snake is no longer usable, dispose of it in accordance with local waste disposal regulations.

Contact Information for Further Support

For any safety inquiries or concerns regarding the Rifle Bore Snake with Den Hoppes 2707mm, please refer to the manufacturer's contact information provided with the product packaging.

Conclusion

By following these safety instructions, you can ensure a safe and effective cleaning experience with your Rifle Bore Snake. Always prioritize safety and proper usage to maintain the longevity of your cleaning tools and the performance of your rifle. Thank you for your attention to these important guidelines.
