

TYPE S MATCH BUSHING FULL DIE SETS - REDDING 6MM DASHER BUSHING FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Type S Match Bushing Full Die Set contains a Type S Bushing Full Sizing Die and a Competition Seating Die. The Type S Bushing Full Die allows full length resizing while maintaining exact control of the case neck. Interchangeable bushings allow you to determine your own level of sizing and neck tension. The Competition Bullet Seating Die features a micrometer calibrated in .001" increments and floating seating stem system which help eliminate concentricity problems.

Safety Instruction Guide for Redding Type S Match Bushing Full Die Sets

Introduction

Thank you for choosing the Redding Type S Match Bushing Full Die Set. This guide provides important safety information to ensure your safe use of this product. Please read and understand these instructions before using the die set.

General Safety Guidelines

- Ensure that the die set is used only for its intended purpose, which is resizing and seating bullets for the 6 mm Dasher cartridge.
- Keep the die set out of reach of children and vulnerable individuals.
- Regularly inspect the die set for any signs of wear or damage before use.
- Always wear appropriate safety gear, including safety glasses, when using the die set.
- Follow all local laws and regulations regarding reloading ammunition.

Specific Safety Precautions for Use

- Be aware of the potential hazards associated with reloading, including:
 - Improper sizing that may lead to malfunctioning ammunition.
 - Risks of injury from handling sharp tools or components.
 - Exposure to lead and other hazardous materials during the reloading process.
- Use the die set in a wellventilated area to minimize inhalation of any dust or fumes.
- Do not exceed the recommended specifications for bullet seating and neck tension to avoid dangerous conditions.
- Ensure that the die set is securely mounted to prevent movement during use.

Instructions for Installation and Usage

1. Installation:

- Secure the Type S Bushing Full Sizing Die in a reloading press according to the manufacturer's instructions.
- Ensure that the die is tightened properly to avoid movement during operation.
- Select the appropriate bushing for your desired neck tension and insert it into the die.

2. Usage:

- **Resizing:**
 - Place a clean, empty 6 mm Dasher case into the shell holder of the reloading press.
 - Pull the handle to raise the ram and engage the die, resizing the case.
 - Inspect the resized case for proper dimensions and neck tension.
- **Seating:**
 - Adjust the Competition Bullet Seating Die according to the desired overall length of the loaded cartridge.
 - Place a bullet on top of the resized case and insert it into the shell holder.
 - Pull the handle to seat the bullet to the specified depth.
 - Check the overall length of the seated cartridge using calipers.

3. PostUse:

- Clean the die set after each use to prevent buildup of residues.
- Store the die set in a dry, safe place, away from moisture and extreme temperatures.

Disposal Instructions

- Dispose of any damaged or worn components of the die set in accordance with local regulations.
- Recycle packaging materials where possible.

Contact Information for Further Support

For any safety inquiries or additional support regarding the Redding Type S Match Bushing Full Die Set, please refer to the manufacturer's contact details provided with the product.

Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with your Redding Type S Match Bushing Full Die Set. Always prioritize safety and adhere to best practices when handling reloading equipment.
