

# COMPETITION SEATER DIES - REDDING 6MM DASHER BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

We feel the Redding Competition Bullet Seater is the best bullet 7/8-14 bullet seater on the market today. The machining is precise, and the sliding chamber is the smoothest we have ever experienced in a seater. This micrometer-adjustable die is calibrated in .001"" increments for precise seating depth adjustments and is infinitely adjustable (no clicks). It also has a zero set feature that allows you to zero the micrometer to your favorite seating depth. Sold separately or as part of a set. Also available for handgun and straight wall cartridges.

# Safety Instruction Guide for Redding Competition Seater Dies Redding 6mm Dasher Bullet Seating Die

## Introduction

Thank you for choosing the Redding Competition Seater Dies Redding 6mm Dasher Bullet Seating Die. This product is designed to provide precision and ease of use for your reloading needs. To ensure safe and effective use, please read and follow the guidelines outlined in this safety instruction guide.

## General Safety Guidelines

- Always use the bullet seating die in accordance with the manufacturer's instructions.
- Ensure that the die is compatible with your specific reloading setup.
- Keep the die and all reloading components out of reach of children and unauthorized users.
- Inspect the die regularly for any signs of damage or wear. Do not use if damaged.
- Always wear appropriate safety gear, such as eye protection, when reloading ammunition.
- Store the die in a secure location when not in use to prevent accidental access.

## Specific Safety Precautions for Use

- Use the die only with the correct caliber (6mm Dasher) to avoid malfunctions.
- Ensure that the reloading press is securely mounted and stable before use.
- Avoid overtightening the die in the press, as this can lead to damage.
- Do not attempt to modify the die or its components in any way.
- Be cautious of any sharp edges or moving parts during operation.
- Always doublecheck your seating depth adjustments before proceeding with reloading.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your reloading press is clean and free of debris.
- Insert the Redding Competition Seater Die into the press's die holder.
- Tighten the die securely, but do not overtighten.
- Set the micrometer to your desired seating depth, using the zero set feature if necessary.

### 2. Usage:

- Prepare your brass cases and ensure they are clean and correctly sized.
- Place a bullet on the case mouth and insert the case into the die.
- Pull the handle of the press to seat the bullet into the case.
- Check the seating depth using a caliper to ensure it meets your specifications.
- Repeat the process for additional rounds, making adjustments as needed.

## Disposal Instructions

- Dispose of any unused or damaged dies in accordance with local regulations.
- Do not throw the die in regular household waste; instead, check for local recycling programs that accept metal components.
- Ensure that all reloading materials are disposed of safely and responsibly.

## **Contact Information for Further Support**

For any questions or concerns regarding the Redding Competition Seater Dies Redding 6mm Dasher Bullet Seating Die, please refer to the manufacturer's website or contact your local retailer for assistance.

## **Conclusion**

By following these safety guidelines and instructions, you can ensure a safe and effective reloading experience with your Redding Competition Seater Dies Redding 6mm Dasher Bullet Seating Die. Always prioritize safety and stay informed about best practices in reloading. Thank you for your attention to these important safety measures.
