

# COMPETITION BUSHING NECK DIE SETS - REDDING 24 NOSLER COMPETITION BUSHING NECK DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Redding Competition Bushing Neck Die Set includes a Competition Bushing Neck Sizing Die, a Body Die, and a Competition Bullet Seater. Neck Sizing Die and Seater feature micrometer adjustments. Bushings and Shellholder sold separately. Competition Bushing Neck Die - With this die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. Body Die -designed to full length resize the case body and bump the shoulder position for proper chambering without disturbing the case neck. Competition Bullet Seater - Tighter manufacturing tolerances have been made possible due to the details of the floating seating stem system. The bullet guide to seating stem fit is so precise that the seating stem can actually be demonstrated to "float"

## Attributes

- Name: [REDDING 24 NOSLER COMPETITION BUSHING NECK DIE SET](#)
- Manufacturer: [REDDING](#)
- Product no.: 100028772

# Safety Instruction Guide for Redding Competition Bushing Neck Die Sets

## Introduction

Thank you for choosing the Redding Competition Bushing Neck Die Set for your reloading needs. This guide provides important safety information and instructions to ensure the safe and effective use of your die set. Please read this manual thoroughly before using the product.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the die set out of reach of children and vulnerable individuals.
- Inspect the die set for any damage or wear before each use.
- Do not attempt to modify or repair the die set yourself.
- Always wear appropriate safety gear, including eye protection, when using reloading equipment.
- Follow all local laws and regulations regarding ammunition reloading.

## Specific Safety Precautions for Use

- **Hazard Identification:**

- Improper use of the die set can lead to accidents, including personal injury or damage to property.
- Always ensure that the reloading area is clean and free of distractions.

- **Avoiding Hazards:**

- Do not exceed the recommended load specifications for the cartridge being reloaded.
- Use the correct bushing size for your specific cartridge to ensure proper neck sizing.
- Ensure that the cartridge case is properly supported before beginning the resizing process.

- **Age Specific Warnings:**

- This product is not intended for use by individuals under the age of 18 without adult supervision.
- Ensure that inexperienced users are guided by a knowledgeable individual during the reloading process.

## Instructions for Installation and Usage

- **Installation:**

- Securely mount the die set in a compatible reloading press according to the manufacturer's instructions.
- Ensure that the dies are tightened adequately to prevent movement during use.

- **Usage Instructions:**

- **Neck Sizing Die:**
  - Insert the cartridge case into the die, ensuring it is fully supported.
  - Adjust the micrometer to set the desired neck length for sizing.
  - Slowly raise the ram to begin the resizing process. Ensure that the case remains aligned with the sizing bushing.
- **Body Die:**

- Use the body die to resize the case body and bump the shoulder position for proper chambering.
- Ensure that the neck of the case is not disturbed during this process.
- **Bullet Seater:**
- Adjust the seating depth using the micrometer for precise control.
- Insert the bullet into the case mouth and lower the ram to seat the bullet.
- Check the overall length of the cartridge to ensure it meets your specifications.

## Disposal Instructions

- Dispose of any damaged or worn components of the die set responsibly.
- Follow local regulations for the disposal of metal and plastic materials.
- Do not dispose of reloading materials in regular household waste. Instead, consult local waste management authorities for proper disposal methods.

## Contact Information for Further Support

For any safety inquiries or further support regarding the Redding Competition Bushing Neck Die Set, please refer to the manufacturer's contact details provided with your product packaging.

## Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with your Redding Competition Bushing Neck Die Set. Remember to stay informed about safety recalls and updates through official channels, such as the EU's Safety Gate platform. Thank you for your attention to safety, and happy reloading!
