

PREMIUM HANDGUN DIE SETS - REDDING 38 SPECIAL, 357 MAGNUM PREMIUM HANDGUN DIE SET

[Reloading](#) > [Reloading Dies](#) > [Handgun Dies](#)

The Redding Premium Handgun 3-Die Set mate a Titanium Carbide-sizing die, a newly designed expander die containing the unique Redding expander plug now coated in TiN, Titanium Nitride for added surface hardness, lubricity and durability. The TiN coating will also reduce brass build up on the expander as well, an important improvement for high volume reloaders. The Redding Expander contains a unique series of processes it provides as it travels into the case itself. First a radius on its base eases entry into the case mouth. Next a parallel expander section expands and true's the case internally to create a perfect bearing surface for the bullet as it is seated. This also adds a more uniform bullet pull and start pressure as well. Next is a small step, to properly align the bullet with the centerline of the cartridge case. This positions the bullet for proper contact with the seating micrometer, adding uniformity during actual seating process. Lastly, a flare is the final step on the Redding expander plug to further open the case mouth when using cast bullets so that they do not shave lead during the seating process. The final die in the set is a Seating Die, which has the added accessory Bullet Seating Micrometer for unmatched seating depth control and precision. This die also contains either a taper or roll crimp for the appropriate cartridge. All three dies in the set also feature an enhanced lead-in for ease of use with progressive reloading presses.

Attributes

- Name: [REDDING 38 SPECIAL, 357 MAGNUM PREMIUM HANDGUN DIE SET](#)
- Manufacturer: [REDDING](#)
- Product no.: 100028774
- Mfr. No.: 66184

Safety Instruction Guide for Redding Premium Handgun Die Sets

Introduction

Thank you for choosing the Redding Premium Handgun Die Sets for your reloading needs. This guide provides essential safety instructions and guidelines to ensure safe and effective use of your die set. Please read this document carefully before using the product.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the Redding Premium Handgun Die Sets by following all instructions and safety precautions outlined in this guide.
- **Enhanced Recalls:** Stay informed about any potential recalls by checking the official EU Safety Gate platform regularly.
- **Online Shopping:** When purchasing online, ensure that the retailer complies with the same safety standards as physical stores.
- **Special Consumer Focus:** Extra care should be taken when using this product around vulnerable groups, particularly children.
- **EU Contact Point:** For safety inquiries, ensure you have access to an EU-based contact for assistance.
- **Rapid Alerts:** Be aware of the Safety Gate system, which provides timely updates on unsafe products.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment.
- Keep the die set out of reach of children and unauthorized users.
- Inspect the die set for any signs of damage or wear before each use. Do not use damaged components.
- Ensure your workspace is clean, dry, and free from distractions while reloading.
- Follow all manufacturer instructions for your specific reloading press to ensure compatibility and safety.
- Be aware of the specific cartridge types you are using (357 Magnum and 38 Special) and ensure proper handling of these ammunition types.
- Do not exceed recommended loads as specified in reloading manuals.

Instructions for Installation and Usage

1. Setup:

- Read the manufacturer's instructions thoroughly before installation.
- Ensure the reloading press is securely mounted and stable.
- Check that all necessary tools and materials are available before starting the reloading process.

2. Installing the Dies:

- Start by installing the sizing die into the reloading press according to the manufacturer's instructions.
- Next, install the expander die, ensuring it is properly aligned and secured.
- Finally, install the seating die, adjusting it for the desired bullet seating depth.

3. Using the Dies:

- Begin the reloading process by resizing the brass cases using the sizing die.
- Use the expander die to prepare the case mouth for bullet seating, ensuring smooth entry and

proper alignment.

- Seat the bullets using the seating die, adjusting as necessary for precise depth control.
- After seating, check the crimping process to ensure it is appropriate for the cartridge type being used.

4. PostUse:

- After completing your reloading session, clean the dies with a soft cloth to remove any debris or residue.
- Store the die set in a dry, cool place, away from direct sunlight and moisture.

Disposal Instructions

- Dispose of any damaged or unusable components of the die set in accordance with local regulations.
- Recycle packaging materials responsibly.
- If you are uncertain about disposal methods, contact local waste management authorities for guidance.

Contact Information for Further Support

For any questions or concerns regarding the Redding Premium Handgun Die Sets, please refer to the manufacturer's website or contact your retailer for assistance.

By following these guidelines, you can ensure a safe and effective reloading experience with your Redding Premium Handgun Die Sets. Always prioritize safety and adhere to all instructions provided. Thank you for your commitment to responsible reloading practices.
