

TYPE S BUSHING FULL DIES - REDDING 6.5MM GAP TYPE 4S BUSHING FULL LENGTH TYPE S DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Full Length resizing while maintaining exact control of the case neck is often desirable in one operation. The Redding Type S Bushing Full Length Sizing Dies accomplish this task with the precision you would expect from Redding. Uses the same interchangeable bushings as those used in Redding bushing style neck sizing dies. The adjustable decapping rod allows you to adjust the bushing position, sizing only part of the neck length when desired. Concentricity is enhanced by the ability of the bushing to self-center on the neck of the cartridge case. All Type S dies are supplied with both the standard size button and a decapping pin retainer. By removing the bushing and all internal parts, the Type S Bushing Full Die may also be used as a body die.

Attributes

- Name: [REDDING 6.5MM GAP TYPE 4S BUSHING FULL LENGTH TYPE S DIE](#)

Safety Instruction Guide for Redding Type S Bushing Full Length Dies

Introduction

Thank you for choosing the Redding Type S Bushing Full Length Die for your reloading needs. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this guide carefully before using the die.

General Safety Guidelines

- Ensure safe use of all nonfood products, including new technologies and online purchases.
- Be aware of risks not covered by other EU laws.
- If purchasing online, ensure the platform meets safety requirements similar to physical stores.
- Extra safeguards are in place for vulnerable groups, including children.
- Always have access to an EU-based contact for safety inquiries.
- Stay informed about unsafe products through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear safety glasses when handling reloading equipment to protect your eyes from potential debris.
- Keep the work area clean and organized to prevent accidents.
- Ensure that the die is compatible with the cartridge you are using (6.5mm GAP 4S).
- Do not modify the die or use it for purposes other than intended.
- Make sure the die is securely attached to the reloading press before use.
- Store the die in a dry place to prevent rust and corrosion.
- Keep the die out of reach of children and pets.

Instructions for Installation and Usage

1. Installation:

- Remove the die from its packaging and inspect it for any visible damage.
- Securely attach the die to your reloading press according to the manufacturer's instructions.
- Ensure that the bushing is properly installed and adjusted for your specific needs.

2. Usage:

- Adjust the decapping rod to set the bushing position as needed.
- Begin the resizing process by inserting the cartridge case into the die.
- Follow the resizing procedure recommended for your specific cartridge.
- Regularly check the alignment and positioning of the die during operation to ensure consistent results.
- After use, remove the cartridge case and clean the die to maintain its performance.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the die is damaged beyond repair, dispose of it responsibly as per local electronic waste regulations.
- Do not throw the die in regular household waste if it contains hazardous materials.

Contact Information for Further Support

For any safety inquiries or support regarding the Redding Type S Bushing Full Length Die, please refer to the manufacturer's contact information provided with the product.

By following these guidelines, you can ensure a safe and effective reloading experience with your Redding Type S Bushing Full Length Die. Thank you for prioritizing safety in your reloading practices.
