Safety Instruction Guide for Redding Full Length Die Sets 20 Nosler

Introduction

Thank you for choosing the Redding Full Length Die Set for 20 Nosler. This guide provides essential safety instructions to ensure the safe and effective use of your die set. Please read this document carefully to understand the necessary precautions and instructions.

General Safety Guidelines

- Always follow the manufacturer's instructions for safe use.
- Ensure that your workspace is clean, organized, and free from distractions.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling dies and reloading components.
- Keep the die set and all reloading components out of reach of children and unauthorized users.
- Regularly inspect your equipment for signs of wear or damage. Do not use damaged equipment.
- Store the die set in a dry, secure location to prevent rust and contamination.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the die set is compatible with your reloading press before use.
- Always doublecheck that the die is securely mounted in the press before starting the reloading process.
- Use only the recommended cartridge (20 Nosler) with this die set.
- Avoid using excessive force when resizing or seating bullets to prevent accidents or equipment failure.
- Never leave the reloading process unattended. Stay focused and alert while reloading.
- Follow proper procedures for handling and storing ammunition components to minimize risks.

Instructions for Installation and Usage

1. Installation of the Full Length Sizing Die:

- Remove the die from its packaging and inspect for any damage.
- Clean the die with a soft cloth to remove any manufacturing residues.
- Install the die into your reloading press according to the manufacturer's instructions, ensuring it is tightened securely.

2. Adjusting the Sizing Die:

- Adjust the die to achieve the desired sizing by following the instructions in your reloading press manual.
- Perform a test sizing on a dummy round to verify that the die is set correctly.

3. Installation of the Seating Die:

- Remove the seating die from its packaging and inspect for any damage.
- Clean the die as necessary.
- Install the seating die into the press, ensuring it is securely tightened.

4. Adjusting the Seating Die:

- Adjust the seating die to achieve the desired bullet seating depth by referencing your reloading

manual.

- Perform a test seating on a dummy round to verify that the die is set correctly.

5. Reloading Process:

- Follow standard reloading procedures to ensure safety and accuracy.
- Always refer to reliable reloading manuals for load data and safety recommendations.

Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not throw away the die set or any reloading components in regular household waste.
- Check with local waste management authorities for proper disposal methods for hazardous materials.

Contact Information for Further Support

For any safety inquiries or additional support regarding the Redding Full Length Die Set, please refer to the manufacturer's contact information provided with your product. Always ensure that you have the most up to date information regarding product safety and recalls.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy your reloading experience with the Redding Full Length Die Set for 20 Nosler.
