

# NECK SIZING DIES - REDDING 24 NOSLER NECK SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Neck Sizing Dies size only the necks of your bottleneck cases to prolong brass life and improve accuracy. It is important that fired cases should never be interchanged between rifles since the neck sizing dies do not size the shoulder or body. Ideal for cartridges used in Bolt Action rifles. All dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime. Inspected and ultrasonically cleaned before packaging.

## Attributes

- Name: [REDDING 24 NOSLER NECK SIZING DIE](#)
- Manufacturer: [REDDING](#)
- Product no.: 100028798
- Mfr. No.: 81320

# NECK SIZING DIES REDDING 24 NOSLER NECK SIZING DIE Safety Instruction Guide

## Introduction

Thank you for choosing the Redding Neck Sizing Die for your reloading needs. This product is designed to enhance the performance of your bottleneck cases by sizing only the necks, which helps prolong the life of your brass and improve accuracy. This safety instruction guide provides essential information to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that the workspace is clean and organized to prevent accidents.
- Store the dies in a safe place, out of reach of children and vulnerable individuals.
- Inspect the dies for any damage or wear before each use.
- Use the dies only for their intended purpose – sizing the necks of bottleneck cases.
- If you experience any issues or concerns while using the dies, stop immediately and seek assistance.

## Specific Safety Precautions for Use

- **Handling:** Always handle the dies with care to avoid injury. Sharp edges may be present.
- **Compatibility:** Ensure that the neck sizing die is compatible with the specific cartridge you are using (24 Nosler).
- **Fired Cases:** Never interchange fired cases between different rifles, as this can lead to unsafe conditions.
- **Proper Equipment:** Use the dies with appropriate reloading equipment and follow the manufacturer's instructions for those tools.
- **Safety Gear:** Consider wearing safety goggles and gloves while reloading to protect against potential hazards.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials before starting.
- Ensure your reloading press is securely mounted and stable.

### 2. Installing the Die:

- Loosen the lock ring on the die.
- Insert the die into the reloading press and adjust it to the desired position.
- Tighten the lock ring to secure the die in place.

### 3. Using the Die:

- Place a fired case into the shell holder of your reloading press.
- Operate the press to size the neck of the case. Ensure the die is properly adjusted for the correct sizing.
- Remove the sized case and inspect it for proper sizing.

### 4. PostUse Care:

- Clean the dies after use to remove any debris or residue.
- Store the dies in a protective case to prevent damage.

## Disposal Instructions

- Dispose of any damaged or wornout dies in accordance with local regulations.
- Recycle packaging materials where possible to minimize environmental impact.

## Contact Information for Further Support

For any safety inquiries or concerns regarding the Redding Neck Sizing Die, please refer to the appropriate contact points provided by the manufacturer.

## Conclusion

By following the safety instructions outlined in this guide, you can ensure safe and effective use of the Redding Neck Sizing Die. Always prioritize safety and compliance with guidelines to enhance your reloading experience. Thank you for your attention to these important safety measures.
