

# NECK SIZING DIES - REDDING 6MM DASHER NECK SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Neck Sizing Dies size only the necks of your bottleneck cases to prolong brass life and improve accuracy. It is important that fired cases should never be interchanged between rifles since the neck sizing dies do not size the shoulder or body. Ideal for cartridges used in Bolt Action rifles. All dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime. Inspected and ultrasonically cleaned before packaging.

## Attributes

- Name: [REDDING 6MM DASHER NECK SIZING DIE](#)
- Manufacturer: [REDDING](#)

# Safety Instruction Guide for Redding 6mm Dasher Neck Sizing Die

## Introduction

Thank you for choosing the Redding 6mm Dasher Neck Sizing Die. This guide provides essential safety information and instructions to ensure safe and effective use of this product. Please read this guide carefully before using the die.

## General Safety Guidelines

- Always handle the die with care to avoid injury.
- Ensure that the workspace is clean and free from obstructions before use.
- Use the die only for its intended purpose: neck sizing of bottleneck cases.
- Keep the die out of reach of children and other unauthorized users.
- Regularly inspect the die for any signs of damage or wear before use.
- Follow all local laws and regulations regarding the use of reloading equipment.

## Specific Safety Precautions for Use

- Wear safety glasses to protect your eyes from any debris during the resizing process.
- Keep hands and clothing away from moving parts to avoid entanglement.
- Do not attempt to modify the die or use it for purposes other than intended.
- Ensure that the die is securely mounted in the reloading press before use.
- Avoid using excessive force when resizing cases to prevent damage to the die or cases.
- Store the die in a safe and secure location when not in use.

## Instructions for Installation and Usage

### 1. Installation:

- Carefully remove the die from its packaging.
- Inspect the die for any damage or defects.
- Securely attach the die to your reloading press according to the manufacturer's instructions.
- Adjust the die to the desired height for neck sizing.

### 2. Usage:

- Prepare your fired bottleneck cases by cleaning them thoroughly.
- Insert a case into the die and ensure it is properly aligned.
- Gradually apply pressure using the reloading press handle to resize the neck of the case.
- After resizing, carefully remove the case from the die.
- Inspect the resized case for uniformity and defects before proceeding with reloading.

## Disposal Instructions

- Dispose of any damaged or worn parts of the die in accordance with local regulations.
- Do not dispose of the die in regular household waste. Check for local recycling programs that accept metal products.
- Ensure that all packaging materials are disposed of responsibly.

## **Contact Information for Further Support**

For any safety inquiries or additional support regarding the Redding 6mm Dasher Neck Sizing Die, please refer to the manufacturer's contact information available on their official website or product packaging.

By following these safety instructions, you can ensure a safe and effective experience with your Redding 6mm Dasher Neck Sizing Die. Always prioritize safety and compliance with local regulations when using reloading equipment. Thank you for your attention to these important guidelines.
